Prophecy Told In "Bible Lectures"

Lectures at the Bible Auditorium continue, as the audiences are stirred by the messages presented. The speaker directed attention to the importance and surety of Bible Prophecy, stating that one may view the history of the world in prophecy as astronomers view the heavens thru the telescope.

In the subject: "Will Russia Rule the World," the answer was given in the dream which Nebuchadnezzar had, in Daniel 2, of the great image which gave the history of the world 2500 years in advance.

Nebuchadnezzar dreamed of a great image whose head was of gold, breast and arms of silver, thighs of brass, legs of iron, representing the four great world empires of history in Babylon, Medo-Persia, Greece and Rome. The feet were part iron and part clay, the ten toes representing the ten divisions of western Rome, seven of which still exist. The prophecy says "they shall mingle themselves with the seed of men: but they shall not cleave one to another." Dan. 2:43. "And in the days of these kings shall the God of heaven set up a kingdom — and it shall stand forever." Dan. 2:44. Then there will be lasting peace.

The new Jerusalem is a place of perfect and lasting happiness.

The prophet John in Rev. 21 saw the earth made new and the city descending out of heaven. The evangelist stated that heaven will be a real place, and real people shall build houses and live in them; plant vineyards and enjoy the fruit thereof. He left the question with his listeners: "If Jesus should come tonight would you be ready?"

Last Sunday evening the signs which show His coming to be very near were presented from Bible prophecy: signs in the sun, moon, and stars; the great increase of earthquakes and tidal

waves; war and rumors of wars; nation rising against nation, and talks of peace; fear, distress and perplexity everywhere, all pointing to the soon coming of Christ.

The Savior said that the generations who see all these things will witness His appearing in the clouds of heaven. He invites all men to accept the salvation He so freely offers before it is too late.

New Co. Hospital Opened To Public

The new county hospital at Gold Beach was Exhibit A last Sunday. On display before occupancy by the patients, the new building was thrown open to the county members to observe the behind the scenes equipment and rooms of a modern, small hospital.

The Garden Clubs of the county acted as hostesses. Mrs. Wm Crissey and Mrs. Harry Lockland, representing Azalea Garden club, poured tea from three to five o'clock. The hospital was gay with flowers from the garden club members.

Full Program Set For Garden Club

Mrs. Harry O. Smith of Cave Junction, a member of the board of the National Federation of Garden Clubs, will be the guest speaker on Thursday, November 8, at the Grange hall where the Azalea Garden Club will be meeting. Her subject is "Women Horticulturists."

Mrs. Smith has years of experience as a garden club executive and knows personally many of the great and near great women horticulturists. She, herself, may well be called one.
