"Ancient and Modern Necromancy, alias Mesmerism and hypnotism, denounced" is subject of the Lesson-Sermon in all the Churches of Christ, Scientist, on Sunday, December 2.

Golden Text is "Do they not err that devise evil? but mercy and truth shall be to them that devise good" (Prov. 14:22).

Among citations which comprise the Lesson-Sermon is the following from the Bible: "He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose the Son of God was manifested, that he might destroy the works of the devil" (1 John 3:8), together with the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science reveals a necessity for overcoming the world, the flesh, and evil, and thus destroying all error" (page 10).

LOCAL NEWS

Mrs. Roy Springer is spending a couple of weeks at Port Townsend, Wash., taking care of an aunt of Mr. Springer who is ill. Mr. Springer will leave soon to join her there for a short visit after which they will visit at Portland with their son and his family before returning home.

Mr. and Mrs. George Wheeler left on Sunday for Southern California where they plan to spend the winter months.

Mr. and Mrs. Carl Wallin are hoping for a visit from their daughter, Charlotte now that she is back in this country after being in southern Rhodesia for the past two years as a Seventh-Day Adventist missionary. Miss Wallin was unable to complete the five years of missionary work in Rhodesia that she expected to do when sent there, as the climate did not agree with her health, making it necessary for her to return to this country. At the

present time she is employed as a laboratory technician in New York City.

Mrs. Vic Reynolds had quite a fish story to tell. It seems that after catching a nice steelhead near their home on the Chetco one day last week, she saw a huge sea lion swimming up the river, which she reports was as large as a horse without any legs. The reason she is so sure of its size is that it swam up close to the bank where she was standing and reared out of the water, star-

ing at her for about a minute. He was so huge and so close that she says that she was just petrified with fear, as sea lions are among the homeliest of animals. She yelled to Vic, who came with his gun and took a shot at the beast, but the fishing was ruined for the remainder of the day.

Leonard Mayfield, former superintendent of Coos Bay schools, now with a hardware concern, was a caller in this area Tuesday. He is expecting to call regularly.
