Corner of Pine and Alter Across from the Greenhouse
"God the Only Cause and Creator" is the subject for the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Dec. 9.

The Golden Text is "In the beginning God created the heaven and the earth" (Gen. 1:1).

Among citations which comprise the Lesson-Sermon is the following from the Bible: "Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfill" (Matt. 5:17), together with the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Every law of matter or the body, supposed to govern man, is rendered null and void by the law of Life, God" (page 380).

Seventh-Day Adventist

MANSON METCALF, Pastor
9:30 a. m. Sabbath School, on Saturday.

11 a. m. Preaching service. Last Sabbath the young people from the Crescent City Adventist congregation gave an inspirational program on the Life of Christ.

Lutheran Mission

The Church of the Lutheran Hour
W. O. Grunow, Pastor
745 I St., Crescent City, Calif.
Telephone 2424, Crescent City
All services are held at St. Timothy's Episcopal church opposite the schools.

Rev. E. C. Hicks Writes About Trip

A letter from Rev. E. C. Hicks, now visiting his brother at El-Reno, Oklahoma, states that he is having a wonderful time. He said he had ran across another minister by name of E. C. Hicks, who was pastor of the Methodist church at El Reno.

It will be remembered that Rev. Hicks was 18 when the Oklahoma strip was opened for that race for land. He said in his letter that the last time he had seen Amarillo, and Lubbock, Texas, they were but villages. Now they are cities of 70,000 and 80,000.

He is enjoying every moment of the trip and is feeling fine, he

says, for those friends who were in doubt about his making the trip. He has not seen his brother since 1889.

Grand Openings Set For Two, Sat.

Official grand openings for two firms are being announced in this issue of the Pilot. While the Chetco Drug has been in its new site for some time, Mr. and Mrs. F. A. Arrell, this week have gotten the store in shape for the new opening, officially. On page three of this issue appear an advertisement

ing message telling of the opportunity to make savings for that Christmas shopping.

On pages four and seven are advertisements of Robinsons, to open their new tots and infants shop in the Kerr building, in the room formerly occupied by the Brookings Electric and Radio Co.

NOTICE

To people taking the electrical code class at the high school, the second meeting of the series will be held Friday evening of this week. L. STEVENS.

Since the end of World War II, the West Coast Telephone Company has added almost 30,000 telephones to its number of stations in service, an increase of 67.48%. During this same period, we have added almost six million dollars in plant investment and equipment in service.

You are now able to place telephone calls to more people than ever before. We believe you will agree that your telephone service has been steadily improving since the end of World War II. We will continue our program of expansion and improvement until we are bringing to all of our subscribers telephone service as fine as that available anywhere in the nation. But while your service has been improving, our expenses have been mounting. Today it requires a plant investment of \$300 per station for every new telephone we install. And, unlike most businesses, the more telephones we have in service, the more it costs to operate each one. Our total expenses have increased at a much faster rate than our total income. Our wage costs are one-and-a-half million dollars

higher today than they would have been under the wage rates prevailing in 1946. Our plant investment has risen since 1946 from \$7,833,061 to \$15,365,661. Our annual construction expenditures for plant expansion have increased from \$650,000 in 1946 to over \$2,000,000 in 1950, over \$3,000,000 in 1951; and we are planning a new expansion program which will total about \$13,000,000.

Consequently, in order that we may be able to obtain the capital necessary to finance our program of new construction, we find it necessary to request increases in telephone rates (the first increases since 1946). These changes are far below the increases in groceries, clothing and most other prices during this same period.

He Wants

A Fishing Rod FOR CHRISTMAS!

Our Inventory includes finished rods by better manufacturers. Also HORNELL and CONLON blanks which a fisherman can have "as is" to finish himself, or we will finish to his order. Interchangeable Reader-McGill Handles and large assortment of better reels. When dealing with us the customer is fully protected by our guarantee.
