**LOCAL NEWS**

Many of the city streets have gotten a coat of crushed rock in spots where needed, and most of the main traveled ones have been re-conditioned by the grader.

Pvt. Gene Gould, son of Mr. and Mrs. B. J. Gould, who has been at Oak Park, Ill., air base for several months, has been sent to San Antonio, Texas, he wrote his parents. He will not be home for Christmas this year.

Many people of the area, who plan to be at home Christmas, have told the Pilot they expect relatives here for the holidays. Some plan trips to other points for the holidays.

The next issue of the Pilot will carry mainly Christmas greetings by all the business, professional and service men of the area. If not already contacted, kindly phone 283, and ask that yours be included.

Brookings merchants offer so much to the Christmas shopper, this year. Visitors to this area remark that they never saw any place which had a more complete line of goods, "across the board" as it were, to offer the buying public.

This goes to show the enterprising merchants of this area do

try to do their job well. Shopping dollars left at home help to pay those improvements so necessary and vital to this community. Local business men are neighbors who have much the same interests as any other resident—

In that exchange of aid, this community will be made to grow until all is again normal.

What is the spirit of Christmas? Why do people, just once a year, soften their hearts and become, for once, almost human? Thus seems to be the way of the world today. Let us, here in this area, capture this spirit and retain it until next Christmas, to renew at that time, and as often as necessary to become a habit with us.
