

Don't be Half Warm

be Komfortably Warm with Kresky OIL HEAT!

DON'T CONFUSE KRESKY HEAT WITH ORDINARY HEAT. Any Family Can Solve Their Heating Problems with Kresky.

Commercial Space Heater, P-8

JACK SPRATT Can Stand No Chill — His Wife Can Stand No Dust So KRESKY OIL HEAT Gives Them Both a Thrill

Mr. and Mrs. Spratt don't have a basement either, so they installed a Kresky Utility Highboy Oil Furnace in a small corner on the back porch. Now Mr. Spratt is always warm with warm air force circulated all through the house. And Mrs. Spratt . . . well, she just loves the soot-free, smoke-free Kresky heat and also that the dust is filtered out of the warm air by the Kresky Highboy . . . and both are crazy about their low heating costs.

They know it is all due to the Patented Kresky Forced Air Induction Oil Burner. We'd like to show you by a demonstration what they found out about. No obligation on your part, of course.

Listed by Underwriters Laboratories, Inc.

YOUR HEATING EQUIPMENT IS NO BETTER THAN THE BURNER SEE THE KRESKY BURNER DEMONSTRATED

There's No Such Thing As a Cold House with Kresky Oil Heat

SMALL IN SIZE BIG in HEAT

SEMI-RADIANT and CIRCULATING DOMESTIC HEATER

Let us show you this compact Kresky Oil Burning space heater that's big enough in capacity to heat a house — yet takes so little space (only 21" wide, 19" deep, 38" high). Can be connected to fireplace or any flue. Easily lighted and regulated. Quick, clean, dependable, and extremely economical. Manual or automatic control.
