

Prophecy Revealed By Evangelist, Sun.

"World Peace or Atomic Pieces" was the subject presented at the Bible Auditorium Sunday evening by the Evangelist, Manson Metcalf. "Is there a solution to world problems? Can we have peace? Will Russia rule the entire world?"

Scientists and statesmen seek to devise some plan for universal peace, yet preparations for war increase. The arming of the nations today is the fulfillment of prophecy.

The history of the world from the kingdoms of Babylon, Medo-Persia, Greece and Rome to the end of time was revealed to Nebuchadnezzar in his dream of the

great image with a head of gold, breast and arms of silver, thighs of brass, legs of iron, and feet of iron and clay. The breaking up of the Roman Empire into ten kingdoms, comprising the nations of Europe today, was represented by the toes of the image.

"The prophecy says they 'shall not cleave one to another,' or be united under one head again. The great kingdom of Christ 'shall break in pieces and consume all these kingdoms, and it shall stand forever.'"

The speaker declared that the kingdom of Christ is soon to be established, and appealed to all to prepare for that event.

Sy Payne Caught 'Cat' Second Time

Sy Payne has had the unusual experience of catching the same cougar twice in his traps. First time the big predator got away, taking trap and all, but when it came back to the same place and was caught again, this time by the hind paw instead of the front, as the first time, he was there when Sy went to the trap—and his hide is now on its way to the state game commission, to get the state bounty for cougar.

This is the third cougar Sy has caught this year, and all in the same place. Besides these, he has sent several bobcat hides to the county clerk for the county bounty on them.

Sam Lopez To Head I. H. Association

First meeting of 1952 of Indian Heirs Association was held Sunday by the local group at the Chetco Grange, with small attendance of members. In the annual election Sam Lopez, of Crescent City was elected chairman for the year; Herbert Payne, the vice-president and Henrietta Dill as secretary-treasurer.

A discussion was held on the claim against the government

which has been passed on by the Supreme Court, and now awaits congressional action in appropriating the money to actually pay off the heirs of the Indians who lived along the coast in the 1850s. It was voted for the officers to make a trip to North Bend to interview John Mullens, one of the lawyers representing the Indians, to find out what progress was being made, if any. This committee is to report at the next meeting in April, or if important, a special meeting. Next regular meeting has been set for Sunday, April 13.

Bruins Smother Langlois Quints

Brookings Bruins, bent on another county hoop championship, last Friday took another decisive step in that direction by downing Langlois in two games, both by decisive margins. The B squad dumped their visitors, 76 to 36 while the A squad smothered the visitors, 77 to 47, despite the heroic effort of Dick Everest, who poured through 30 points.

Ron Weston, with 14 points, and

Martin with 8, lead the scoring in the B game; while Ray Weston and Fitzhugh each with 12 and Everest with 30 lead the scoring in the A game. Scores by quarters for both games:
