

PHILCO

for 1952
has both!

2 DOORS

AUTOMATIC DEFROST

Here for the first time in **ONE** Sensational Refrigerator

Yes, both of today's most wanted features—Separate Doors for the built-in freezer and for the main food compartment! And true Automatic Defrost! See the 1951 Philco Duplex now.

NO Defrosting Anywhere!

Philco Advanced Design has a Woman in Mind!

SEPARATE DOORS

for Huge 2 cu. ft. Freezer and Main Food Compartment

THE entire refrigerator including the freezer defrosts automatically. No frost scraping or melting. No need to remove foods. Nothing to turn on or off. Every morning you have a freshly defrosted refrigerator. And it works so fast frozen foods stay frozen... no chance of thawing at any time.

PHILCO 1218 DUPLEX—12.1 cu. ft. (8 and 10 cu. ft. sizes also available)

At Far Less Cost than Ever Before!

Most sensational of all... Philco creative engineering brings you this new double door combination refrigerator-freezer at far less cost than the ordinary 2-door refrigerator of the past. In features and value it's the most sensational new refrigerator in years.

- Built-in Zero Zone Home Freezer
- Fully Adjustable Shelves
- Huge Double Crispers
- Double Door Convenience
- Covered Meat Storage Drawer
