Funk Found His Business 'Better'

George Funk, noted lily grower of the Chetco, return late last

week from a 11-weeks trip which took him over much of the mid-west and southwest. Business, he stated, was exceptional.

On his trip, George made up his Rotary attendance wherever possible during the weeks. He asserted, at Rotary meeting, Tuesday, that he thought the local club was better than most he had attended, since there was "more real companionship" manifest.

George said, also, that his lilies were doing well at the greenhouse where he had sold last year and that his next year's business would be increased.

Box Social Success

The box social given by the Chetco Wranglers at the V. F. W. Hall, Saturday night, was a huge success, according to those attending. A family get-together and evening of fun, along with "good things" in the beautifully-decorated boxes, filled a pleasant evening as well as adding to the building fund.

'Birds' Won Sun., At Club 'Shoot'

The Chetco Rod & Gun Club is participating in the Oregon Journal Telegraphic Shoot each Sunday. This is state-wide. The three highest scores are sent in each week. At the end of the contest the club with the highest score will be adjudged winner.

Last Sunday, Dale Smith and Lawrence Anderson made perfect scores—25. Fred Anderson made a 24.

A turkey shoot was held following the telegraphic shoot, Sunday and Cliff Brim won a ham and a turkey. Altogether nine turkeys and four hams, as well as two dozen fryers and hens were won by the scatter-gun artists.

Chetco Rod & Gun Club meets the second Tuesday of each month at the club house on Benham land, Harbor, at 8 p. m. Carl Berger is president; vice-president is Mickey Gould and secretary is Roy Sunderland.

76-Year-Old Lady Shows Fortitude

The courage and cheerfulness of Mrs. Merrill, mother of Mrs. Archie Hendricks, would make most younger women, and men too, blush in shame for their lack of fortitude in a difficult situation. Failing eyesight has denied her the pleasure of intricate hand-work and reading of favorite magazines or books, but perhaps most of all the correspondence with old friends and distant relatives.

With a little urging and assistance from her daughter, Malissa,

she is learning to type her letters. In one week she learned where every letter is located on the typewriter keyboard, and is already putting her thoughts on paper.

She is looking forward to the surprise her friends will have, when they receive her typewritten letters. This little lady of 76 years is a real incentive for others to get busy and accomplish a few things.

Mrs. Don Redfield and two children of Klamath Falls are spending a couple of weeks at the home of her parents, Mr. and Mrs. Arthur Pierce.
