**I'm in good hands**

My owner sure knows his business. He's been giving me Dr. Salsbury's Ren-O-Sal Tablets from the start. Ren-O-Sal, you know, helps poultry grow faster, feather faster, and mature quicker. It also helps lick cecal coccidiosis. Sure glad I get Ren-O-Sal. I know I'm in good hands!

Harbor is the scene of some activity by the highway department with a ditch digger and a power shovel working there these days. The shovel is removing the slide near the end of the Chetco Bridge, and the ditch digger is cleaning out a trench to put in a drain along the highway in front of the store to carry off excess water pouring down the hill with every storm to flood the rest rooms near the store. The drain will connect with the culvert for the creek running at the rear of the postoffice.

**Wranglers Plan Fair**

At their meeting, Tuesday evening Chetco Wranglers appointed May Freeman, Anna Van Campen and Mrs. Zook on a committee to represent the club at this year's county fair at Gold Beach. This year the Wranglers will have a large responsibility in the parade and success of the fair entertainment. They were represented last year by almost the

entire mounted membership, and expect an even larger group to ride in this year's parade.

A committee, composed of Ed Thornton, Wally Morris, Art Crook and Leo Lucas, met with the fair board at Gold Beach on Monday evening to discuss fair plans.
