Just a little extra time and attention to small details paid off to the Kessler family last week. Mrs. Kessler made a last-minute tour of the Curry County Lumber Co. office before closing. A slight odor had been detected earlier, causing her to hunt for its source. Spontaneous combustion in the dust of their floor sander bag was at the point of bursting into flame. Had the family left before discovering this, fire surely would have resulted in heavy fire damage or loss.

Charles Young is recovering from a nasal operation performed at Portland last wtek.
