

Special Edition Drew Comment From Many Visitors To This Area, last Week

Reception of the Pilot's first special, or Progress Edition, was received with enthusiasm by the hundreds of visitors who came to the area for the dedication of the Brookings Plywood Corporation plant. Hundreds of copies already have been mailed out, and hundreds are about to be mailed, some as far away as South Africa, and many to Alaska, to pick a few long distances.

The intent of the Pilot, in this edition, was to depict the progress made in this section of Oregon in the past few years. Such a job is almost too much for any staff to attempt in the short time used by the Pilot.

The Pilot still has about 300 or more copies available to any who wish to make mailings to far away places. Wrappers will be furnished the purchasers if they so desire. This is done at no extra cost.

Washington, D. C., May 8.
Editor, Pilot:

I have just finished looking over your fine Progress Edition and hasten to send my hearty congratulations for doing a splendid job. It is an edition that both you and your community should be very proud of. I shall be able to make use of some of the data in it.

I do not know when Congress will adjourn but I feel pretty certain that I shall be able to spend September and October in Oregon. I shall most certainly visit Brookings, and am looking forward to seeing you at that time. Sincerely, Harris Ellsworth, M. C.

Portland, Oregon, May 5.
Editor, Pilot:

Just received your Progress Edition today and I want to compliment you on it. Having been in the newspaper publishing business of more years than I like to remember, I know something of the vast amount of work and expense in putting out such an edition as yours and it makes me the more appreciative of what you have done.

It would seem to me that you have covered the subject of the growth of Brookings and Southern Curry County in an excellent style. The pictures are good and the volume of material included is astounding for a community the size of Brookings and southern Curry county.

I feel sure that your merchants and the people of Southern Curry county will be appreciative of your efforts and will continue to show their appreciation in a substantial manner throughout the years to come.

Again permit me to express my own appreciation for what you have done in such a big way for your home community. Sincerely,

Chester A. Dimond, Paper Mills Agency of Oregon.

These letters are samples of appreciation letters received, to add to the scores of verbal "pats on the back." Certain, the Pilot realizes perhaps more fully what could have been said, had there been more time, and more equipment available at the last moment, when information did come.

Republicans

**DON'T SEND A 'CHAIN GANG'
To The National Convention!**

Power-hungry politicians, seeking to control the Oregon delegation to the National Republican Convention, are throwing the full force of their machine into attacking the eight so-called "petition" delegates.

The fact is that these delegates filed under provisions of the law designed to protect the public under just such conditions as we have in the state of Oregon today.

PETITION METHOD PROTECTS THE PEOPLE—

The Oregon Direct Primary law under which these eight delegates filed by petition, seeking election as free delegates, not under control of the state political machine was initiated BY THE PEOPLE and adopted in June, 1904, by an overwhelming vote.

In 1915, the state legislature amended the original law to provide an "additional method" for selecting delegates without in any way supplanting or disturbing the traditional and time-honored method of filing by petition.

In 1916 this amendment was carried to the State Supreme Court which ruled that the amendment "afforded another method (additional to the petition method) for candidates to get before the voters," leaving the original petition method unchanged and intact.

PROTECTS AGAINST MACHINE POLITICS—

In 1939, the legislature passed a law taking from the people the privilege of naming their own delegates to the national convention. The law was referred to the people who rejected it, choosing to leave both THE PETITION METHOD AND THE DECLARATORY METHOD ON THE STATUTE BOOKS.

The petition method of filing is therefore a valid law for the specific purpose of protecting the public against machine politics such as we have in the state today.

**IF YOU DON'T WANT THE REPUBLICAN PARTY
IN OREGON DOMINATED BY A MACHINE—
VOTE FOR THE PETITION DELEGATES!**

The Oregon Primary this year is not representative because it does not give the voters a chance to vote on the avowed candidates and lists several who claim not to be candidates. Don't tie the hands of the Oregon Delegation to the National Convention—ELECT the eight uncontrolled petition delegates.
