In the course of the Lesson-Sermon to be read in all Christian Science churches on Sunday, June 29, it is declared through a passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy that "The Science of God and man is no more supernatural than is the science of numbers, though departing from the realm of the physical, as the Science of God, Spirit, must, some may deny its right to the name of Science. The Principle of divine metaphysics is God; the practice of divine metaphysics is the utilization of the power of Truth over error; its rules demonstrate its Science (page 111). The subject for the day is "Christian Science." The Golden Text, taken from Isaiah, is "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."
