Freedom is declared to be a God-given endowment in a Lesson-Sermon entitled "God" which is to be read in all Christian Science churches, Sunday, July 6.

Significant passages keyed to current observance of our Nation's birthday will be read from the Bible and from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy: "Teach me, O Lord, the way of thy statutes; And I will walk at liberty" (Ps. 119:33,35). "The history of our country, like all history, illustrates the might of Mind, and shows human power to be proportionate to its embodiment of right thinking" (page 225).

The Golden Text is taken from Revelations 21:3, "Behold the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God."

The council is also appreciative of the help given by so many in helping raise this fund. (Signed) Archie Hendricks, chairman.

DOES YOUR NEIGHBOR live in a house like this?

You've PROBABLY seen a house like this but didn't recognize it—because on the surface it looked like most other homes. But in nearly every neighborhood there's a house "built" with telephones . . . or, to be more exact . . . with money somebody earned by helping provide you with telephone service. Telephone people (who received more than \$20,453,000* in wages in Oregon in 1950) also spend much of their income with local merchants for food, clothing, household equipment, and many other goods and services. When you pay your telephone bill, you're helping to create homes, jobs and business activity all along the line.
