Will Do Ironing

Matot Co. is busy getting ironings done in the front store window with Lea Morgan demonstrating the Ironrite electric ironer, Tuesday. She was clever in smoothing out the wrinkles and the greatly simplified machine open at both ends for ironing left and right sides of shirts which turn out beautifully. This appliance controls heat suitable for nylon to cottons, and the easy foot control makes the usual weekly ironing a small project compared to the long, hot job it used to be.
