

Congratulations

What small town can boast of two big business openings in one week?

We, the undersigned are glad to welcome all new businesses to Brookings. The fact that you have chosen this section as your place of business and home indicates that you believe in the future of this area.

Businesses opening this week are Conn-Olson Motors, west Brookings and Azalea Lanes. Two fine businesses that would be a credit to any community. May we congratulate you and wish you success.

Other new businesses opening recently in Brookings-Harbor vicinity to whom we also extend our wishes are: Bonn Motel, Dairy Creem, Crest Motel all in west Brookings and Hickory's Trading Post, Matot Bldg.
