Voters To Act On Truck Tax

Under Oregon law the cities of the state receive 10% of the net highway funds and the counties 19%. This fund is distributed among the cities on a basis of population and to the counties on the basis of vehicle registration. Consequently, any reduction in the state highway funds is reflected in a reduced proportion to each city and county.

Young Jimmy Waldzak, after giving it all he had for a mile down the track, gets pulled aboard by Ike. Scene is Bay City, Michigan, and General Eisenhower is introducing Jimmy to the crowd. Hand on head, Jimmy is collecting his wits, or more probably, his wind.

Carrier's Conference, Inc. (Gasoline Haulers) resulted in a loss to the highway fund of an estimated \$1,930,000 in 1952. Curry County had \$1,634.93 less for the road fund and the city of Brookings will receive \$399.07 less for its street fund because of the referendum action. The legislature made a careful and detailed study of the proportion of highway funds paid by passenger cars and trucks and decided that the trucks were not paying their full share, so they raised the weight-mile rate to bring in about 7% more revenue from the trucks. This raise in rates was suspended by the referendum action and is before the voters at the November election. Ballots 318 X Yes and 319 X NO. Voters who wish to back up the legislature should vote 318 X YES.
