

OSC Frosh Class Up 20 Pct; College Total Hits 4910

Oregon State College — Fall term registration at Oregon State college has topped the 4900 figure with the freshman class 21 per cent bigger than last year, according to the latest report from the registrar's office.

The school of engineering stands as the largest school on the campus with 844 students. Agriculture is second with 781, followed by business and technology with 760 and science with 687. Biggest increases in school enrollment this year came in forestry, engineering and home economics.

This year's freshman class numbers 1543 as compared to 1277 last year. The number of veterans is down as expected, however, with 582 registered this year as compared to 958 last. Sixty-eight Korean veterans are enrolled this fall.

The latest enrollment figure of 4910 is above earlier estimates and crowds the 5002 figure of last year. With the freshman class as an indication of things to come, registration is expected to increase sharply in the years ahead.

Coos-Curry Co-op Elects Directors

At the yearly meeting of the Coos-Curry Elec Co-op in Coquille on Saturday, Oct. 25, three local candidates for office of director from the Brookings area were voted upon, James Yelton, Charles Grayhel, and Hans Nelson. The majority of votes went to Mr. Nelson. David Shaw of Gold Beach was elected to represent Gold Beach.

The district meeting of O. K. Rubber Welders of southwestern Oregon was held at the home of Frank Tygert on Sunday afternoon. Frank is owner and manager of the local shop next to the Chevron station.

Local News

Another of Dr. Paul Ronninger's patients there is Mrs. Laura Colegrove, who underwent an operation this week. Both these parties are doing nicely.

Friends were happy to welcome "J.-J." Gallagher home from the hospital at Crescent City on Monday evening. On Tuesday, assisted by his unusual cane, he called at the Pilot office. Extreme pain in his left eye has necessitated a treatment which will cover a two-year period and deaden the nerve. There will be no vision in the eye and treatment has some effect on the other at this time. Mr. Gallagher feels that he will be able to return to his shop this Sunday and will be glad to welcome his friends.

Luster Clay—Yelton.

The lovely ecru crochet fablecloth which won a blue ribbon for Alice Overman at the county fair and went to the State fair at Salem this fall, is displayed in the window at Young's 5 and 10 this week. Mrs. Overman used No. 30 crochet thread, making a very fine and lacey pattern.

THIS IS A PHOTOGRAPHIC REPRODUCTION OF A HAND-BILL THE DEMOCRATS DISTRIBUTED IN 1932—IT SPEAKS FOR ITSELF

THE PUBLIC PAYS

Your Taxes and Republican Extravagance

WHEN YOU GROAN UNDER THE BURDEN OF TAXES

Remember—

That the deficit at the end of the last two years of Hooverism is around four billion dollars—the greatest in peace time history.

This huge deficit was not born overnight but the performance of the past two years have wiped out previous gains in the way of reducing our national debt and have brought it to the astounding total of nearly twenty billion dollars.

Remember—

That although Republicans preached economy in 1920 and 1924, and promised highest efficiency at lowest cost in 1928, government bills have mounted steadily. Hooverism cost the taxpayers \$4,220,000,000 in 1930-31; and over \$5,000,000,000 in 1931-32.

That ability of veterans' bonus and unemployment relief cannot explain tripled expenses in the Department of Agriculture in the last five years; nor a jump of \$15,000,000 in the Post Office deficit, \$5,000,000 in the Department of Labor, \$40,000,000 for the Shipping Board, and \$29,000,000 for the Department of Justice; nor why the Hoover Farm Board and its subsidiaries spend over \$5,000,000 a year in salaries; nor why the Department of Commerce had to erect a palatial \$17,500,000 building for its tariff-shrunken trade.

That although it was clear that our chief source of revenue, income taxes, would drop seriously and retrenchment was the watchword in every home and business, government spending kept merrily on at \$5,000,000 a day more than income.

Remember—

That the seventy-first Congress with a big Republican majority was in session from December 1930 until March 1931. It passed the appropriations which swelled the deficit. But it made no attempt to cut expenses or balance the budget.

That although President Hoover could have called a special session of the Seventy-second Congress during the Summer or Autumn of 1931 to deal with the financial scare, he refused to take action in spite of urgent appeals.

That a balanced budget as well as reconstruction plans had to await a Democratic majority in the House where all revenue measures must originate.

Remember—

That Republican leadership has brought us to the verge of bankruptcy. That "Hoover economy" means hardest economy in every household to save the money, to pay the taxes to pay for the deficit that Hoover built.
