

Xmas Seal Campaign Stirs Interest

First returns from Christmas Seal letters mailed out to residents of Curry county on November 17 by the Curry County Tuberculosis and Health association amounted to \$566.25, up until November 30.

The Christmas Seal sale will be carried on by the association until December 25, and it is hoped the public response to the Christmas Seal sale will be as generous as in past years.

Most of us know that in purchasing Christmas Seals, we are not just buying pretty decorations for our holiday cards and packages. We know that we are contributing to the support of a community organization which is dedicated to fighting a communicable

disease, tuberculosis.

Christmas Seal money is working for us through education, is making it possible to reach individuals, groups, and the general public with facts about tuberculosis which will help protect the individual from the disease and prevent its spread in the community. Christmas Seal money is used in the search for unknown tuberculosis, in the conduct of X-ray programs among apparently healthy people to find tuberculosis in its early, symptomless stage when it is easiest to cure. Christmas Seal money works for us through medical research on tuberculosis, studies which will enable us to gain a better understanding of the nature of this disease and, consequently, how to conquer it completely. Christmas Seal money is used to promote rehabilitation services for patients.

Tuberculosis does exist in Curry county and the association is helping to take care of all cases. Before the end of this year Curry county will have four patients in the TB hospital at Salem. The Curry County Tuberculosis and Health association provided the necessary clothing and transportation for one patient without means, and will, before the year is out, for another. Christmas Seal money will be used to make these four people happier at Christmas by remembering them with Christmas gifts.

The Curry County Tuberculosis and Health association is conducting a program of which we can all be proud. Christmas presents us with an opportunity to show our appreciation of the work it has done, of the work it will continue to do so long as the people of Curry county stand back of it.

Now is the time to say "Thank you; keep it up." Now is the time to buy and use Christmas Seals!

Mr. and Mrs. C. L. Fallert enjoyed a ten days' visit from Mrs. Fallert's mother, Mrs. J. Spees, of Oregon City. Mrs. Fallert's sister, Mrs. Guy Keller, and her family also came from Estacada for Thanksgiving and Mrs. Spees returned home with them. The Fallerts' daughter, Carol, who is a freshman at Oregon State college, also spent the Thanksgiving weekend at her home.

Gilbert Christensen returned recently from a two weeks' business trip which took him to Chicago and Lincoln, Nebr.

Mr. and Mrs. Sonny Chapman and two children and Jimmy

Phillips left Tuesday for a two weeks' visit with Mr. Chapman's parents at Farmington, N. Mex.

Tuberculosis kills more men in crowded cities than on the farm. But more farm women die of the disease than city women.
