### "BEHIND THE IRON CURTAIN OF CONSERVATISM"

By L. C. O'BRIEN

"THE VOICE OF ONE AMERICAN"

(This is the Sixth Article of a Series)  
(Continued From Last Week)

Eventually he will be the instigator of peace on earth; good to man, as his confused theory that communism is the solution is shocking the rest of the world into the reality of our own abysmal ignorance and the unstableness of our basic antiquated practices, and inconceivable errors.

"If you have read thus far I have partly accomplished my purpose, as the seed of truth is planted in your mind and even though the naked truth is very embarrassing and you will not admit it to others, you can not escape your own conscience and you will profit by this treatise.

Ironically, in this so-called enlightened twentieth century we are still practicing the same crude and barbarous methods, originated and practiced by our extinct ancestors, the cavemen. If you will just glance back through the ages to the stone age you will find that earth's peoples have slowly advanced from clubs to bows and arrows; from bows and arrows to swords; from swords to guns and now to atomic energy and a means of complete annihilation. As always, it is the military, the blundering basic machinations of savages. (And we conceitedly boast that we are civilized.) However, I repeat, in reality we are blindly and unthinkingly following the same conservative and bloody pattern originated and practiced by our forefathers of the dark ages (the basic pattern unchanged). The only distinction is, that in the cavemen days they hurled insults from their cave mouths and threatened to hurl huge stones at each other. Even now, earth's intellectuals and their associates are still hurling the same senseless and childish insults hurled by their illiterate, hairy ancestors centuries ago, and threatening to hurl atomic bombs at each other.
