

## Azaleas Ready For Market

Azaleas being prepared for shipment at Brookside Azalea and Bulb farm Monday were a splash of color, massed as they were.

The principal varieties blooming at this time are: Eirie, variegated in pink with white border; Paul Schame, salmon pink, and Cottage Gardens, in a deep red.

The plants as a whole looked so thrifty and the picture of health. M. S. Brainard, working with the azaleas stated that the food for the plants was measured and prepared as carefully as that of a baby's formula.

Brookside Azalea and Bulb farm, owned by E. H. Grooten-doerst, has a fine wholesale business in flowers, plants and bulbs.

## School News

School began Monday morning after the holiday, with all of the teachers except Mrs. Ethel Hale on the job. The Hale family had an automobile accident at Cave Junction while returning from Myrtle Creek Saturday, Dec. 27. Last reports indicate that Mr. and Mrs. Hale are in the hospital at Grants Pass.

Mrs. Helen Smith is substitute teacher in the fourth grade until Mrs. Hale returns.

Friday, Jan. 16, is the end of the first semester at school.

The high school Bruins resume their basketball schedule Friday night, Jan. 9, with a game with Ophir on the local floor. This game is to be a make-up for a game which was to have been played Dec. 19. Saturday the Bruins travel to Langlois. The following Tuesday, Jan. 11, marks the "big game" of the season with the Gold Beach Panthers on the Brookings floor.

The Sergeant family spent the Christmas holidays in Lafayette with Mrs. Sergeant's folks.

The Wes Kindels drove down to the Rose Bowl game.

The Hamptons visited in Tigard and in Newberg over the holidays.

Herschel Chaney drove down to Pasadena to see the bowl game.

Carl Harrison spent the holidays in Reedsport and in eastern Oregon.

The Guthries spent the holidays in Eugene.

## Weather Report

For the week ending Sunday,

Date	Max.	Min.	Rain
Dec. 29	56	46	.98
Dec. 30	55	42	.09
Dec. 31	50	39	.37
Jan. 1	54	48	.12
Jan. 2	55	50	.13
Jan. 3	60	45	.....
Jan. 4	57	42	.....
Total rain			1.69

## Nations Egg Month To Be In January, Says Poultry Men

Special to The Pilot

January has been designated national egg month in an attempt to increase consumer buying at a time when egg prices are usually at the low point.

Noel Bennion, poultry specialist at Oregon State college, says egg producers and allied industries will conduct the campaign through retail stores, local newspapers, radio stations and word of mouth.

"January provides a welcome occasion to recognize publicly the importance of a basic food used by people of all ages," Bennion says.

He points out that this is a good time to use a variety of egg dishes to stimulate appetites after the heavier-than-usual holiday meals. Nutrition authorities recommend eggs be included daily in meals because of their rich protein, mineral, and vitamin content, according to Bennion.

## Money and Goods For Disabled Vets

Over \$400 in cash and several packages of goods are reported received for use at Camp White Veterans' home near Medford, by Mrs. Amy Randle, V.F.W. Auxiliary visitor at the facility.

The money, which will be used for PX coupon books for totally disabled veterans who are penniless, and the merchandise, came as a result of a "Letters to Editors," campaign put on by the "home." Two veterans from the Brookings area are known to be living there. Anyone having funds or goods to go to the veterans can contact any member of the V.F.W. or ladies' auxiliary any time.

## LOCAL NEWS

Mr. and Mrs. Larry Roemmick went to Lodi, Calif., for the Christmas season and their parents who helped in the Chetco store, Evie and "Dutch" Leis, returned to their home in Los Angeles.

The Louis Langendoerfer family were with relatives in Coos Bay through Christmas and New Year's day. The family was all together for the first time in 11 years.

Mrs. Stanley Patterson and Patty returned Monday morning from San Francisco where they visited with Mrs. Patterson's sister and family, Mr. and Mrs. Rodney Hoover. They were gone a week.

## Hello World

Mr. and Mrs. Daniel Wilcox are parents of a son, born on Dec. 22.

Marie and William Hemple of Harbor were parents of a son, Arnold Ray, born at Crescent City Seaside hospital on Dec. 9. He weighed 8 pounds and 11 ounces and is the second child.

## "BEHIND THE IRON CURTAIN OF CONSERVATISM"

By L. C. O'BRIEN

"THE VOICE OF ONE AMERICAN"

(This is the Eighth and Last of a Series)

(Continued From Last Week)

Prior to our scientific knowledge of today earth's peoples had a chance for survival. However, at the present time we are facing the hard, grim facts of annihilation if we don't change our ways of thinking and practices before this coming atomic, germ and chemical war becomes a reality.

Earth's peoples are now in a furious, hysterical and feverish rush to mobilize gigantic fighting machines. After they are established, what have we gained? Scientific knowledge will again advance and automatically render them useless and obsolete, bring more heinous and deadly implements of destruction and kill our remaining chances for survival, and ironically, we will still go rushing blindly and thoughtlessly down the same old rut of conservatism, exploitation, and greed, into chemical and germ warfare and obliteration. Or worse, to a race of variants, imbeciles and hellish deformities; victims of a self-built hell, radioactivity and disease; pathetic mindless beings, our destiny shaped by our greedy, selfish and power-mad impulses.

Through our egotism we have been blind to spiritual knowledge and philanthropy, thinking in the past; unable to interpret the ineluctable boomerang of our disastrous practices. While inveigling tactics and arrogance has kept us in ignorance of the obnoxious and revolting reality of our environment. We have been buried in the ages-old rut of egotism and conservatism, our theories inflexible and dogmatic, reluctant to venture beyond our sadly retarded book knowledge and ancient, superstitious, conservative whims.

How sinfully pitiful is the fact that there are those who can heartlessly look upon the malnutrition written on the faces of little children, and the want and worry lines carved in the gaunt faces of these children's parents, and indifferently shrug their well groomed shoulders in scorn and distaste, not stopping to think, realize or care that these lines were placed there by the cruel chisel of poverty, misery and deprivation, carved by the near hopeless task of raising these undernourished children up to become the GIs whom they are now proclaiming heroes, and the most important men on earth. . . . Why! Because they are fighting and dying for the ages-old hoax, the military, and what the people so misconceivedly, and ironically think will bring peace and security. Look back through the ages. Did the countless billions and billions of lives forfeited in the past wars bring peace and security? On the contrary, it has systematically maneuvered us right up to the threshold of annihilation, the most complicated and dangerous predicament in earth's peoples long and bloody history.

I will not criticize the past generations for our shameful plight, as they did not possess the scientific and military knowledge of the present day man and I am only stating facts as I see them. However, I ask you why have we stayed in this unholy, conservative rut all through the ages? In what we wrongly and conceitedly call our advanced civilized world. Why do we practice war, exploitation, barbarism and collusion, if we are civilized?

Conservatism, militarism and exploitation, at last has earth's peoples trapped and strangling in their gory webs of barbarous ignorance. These treacherous monsters have been handed down through the ages and are now clashing with scientific knowledge and are radically and ironically at swords points with science, placing the peoples of earth in the same category as the calf with too much rope. Earth's peoples have survived their cruel influences through the ages, due only to our past lack of scientific knowledge, abysmal ignorance and stupidity. I will now point out the fact that with scientific knowledge comes the realization that the chimera of conservatism, militarism, and exploitation must be abolished. We must adjust our thinking and practices to meet the advance of scientific knowledge and civilization, discard our suicidal cloak of barbarism and become intelligently civilized.

Like an obscene, diseased octopus, war and crime always predominates, spreading their obnoxious and gory tentacles across the nations, consuming, degrading and robbing earth's peoples, not only of their right to live; but their thin veil of civilization as well.

How pathetically stupid is the fact that the people blame their chosen leaders for their sorrowful predicament, not stopping to think, or realize they had forfeited their integral responsibility, and power, when they placed their destiny in the hands of a minority of selected individuals to do with as they see fit. When the people themselves start to think right, no group of misguided men will be able to lead them into a complicated political and military error like we are now experiencing, and like our forefathers experienced all through the ages.

I have the key to enlightenment. Do you have the courage to use it and open the door to civilization, freedom, security, and bring peace on earth, good will to man? If so, it is free and at your disposal.

I positively have the solution to make a heaven of earth, if you have the will power and intelligence to make it reality.

If this solution is used, there will be no more wars, no major crime, no poverty, no blood and corruption, no labor strikes, no depressions, no inflations, and no more retarding of progress and civilization. It will bring peace on earth, good will to man. Freedom, prosperity, and security for each individual on earth, and the security of the coming generations.

To the fathers and mothers of earth's peoples: This is your opportunity to safeguard the destiny of your children, and their children to come. Your duty to them! Will you fail them?

ATTENTION! IF you make personal contact, this information is free to you, but if you are unable to make personal contact, mail \$1.00 to L. C. O'BRIEN to cover the cost of literature, handling, postage, etc., and complete details will be mailed to you by return mail. This information is vitally important to fathers, mothers and teen-agers. Your duty to yourselves and the coming generations.

L. C. O'BRIEN,  
Brookings, Oregon.  
c/o Chetco Inn

ATTENTION! This is not a religious organization. (Your donation will help me put this God-given knowledge into every home on this earth. Your duty, as well as mine. Freedom is everybody's job.)

FOR OUR CHILDREN'S SAKE, WE MUST STOP THIS COMING WAR.
