Corner of Pine and Alder

Across from the Greenhouse  
All are cordially invited.

The Scripture, "Many there be which say of my soul, There is no help for him in God. But thou, O Lord, are shield for me; my glory, and the lifter up of mine head" (Ps.) together with the words of Mary Baker Eddy in "Science and Health with Key to the Scriptures" (p. 380), "Every law of matter or the body, supposed to govern man, is rendered null and void by the law of Life, God" were among the correlative passages which constituted the lesson-sermon entitled "Matter," which was read in all Christian Science churches on March 22. The sermon was designed to show the dominion over the flesh which a knowledge of God or Spirit gives to men.

## No other light trucks have all this

YOU don't expect polo-pony agility from a truck in traffic—but the new GMC's have it.

You'd like to have passenger-car pace and economy on the highway—and you'll get it from the 1953 GMC's.

For there are two great advances that step the new GMC's ahead of all previous truck performance:

One: Dual-Range Hydra-Matic Drive—the fully automatic shift with 3 speeds for traffic, 4 for the open road—available on 19 models through the 1/2-, 3/4- and 1-ton capacity range.

Two: a new line of engines of progressive design, with compression ratios of 7.5 to 1 and 8.0 to 1—the highest of any gasoline truck engine ever built. Here's pile-driver power behind every piston stroke—flashing

response and better mileage are squeezed from regular fuel.

Many chassis advances, too, add to the extra-value features that make GMC's, point for point, the biggest dollar's worth in the light-truck field as well as in the heavier lines.

We confidently tell you—these great new GMC's will do your job better, easier, and at the lowest over-all cost. They have stamina beyond their size, because they're "built like the big ones"—the heavy-duty GMC's that lead the world in sales.

That's saying a lot. But just come in—and we'll prove it.
