a refresher course at an Air Force base in Florida, and after his 15-day leave will be stationed in Texas as an instructor.

CARPENTERS CHANGE MEETING DATE

The carpenter's union voted June 10, to relinquish their regular meeting nights from the second to fourth Wednesdays to the second and fourth Tuesdays so the V.F.W. ladies could put on a dinner for the Lady Lions who usually meet on Wednesday nights. The carpenter's union and membership is always ready to help and assist any group for the betterment of the community as a whole, says J. E. Fifield, president.

Events in the life of Mary Baker Eddy which led to the establishment of the Christian Science religion, together with an explanation of the essential doctrinal teachings of the church which she founded, constituted the subject matter for the lesson-sermon entitled "Christian Science," which was read in all churches of that denomination on June 28. Mrs. Eddy was quoted as saying (Science and Health with Key to the Scriptures, p. 126), "I have found nothing in ancient or in modern systems on which to found my own, except the teachings and demonstrations of our great Master and the lives of prophets and apostles. The Bible has been my only authority. I have had no other guide in 'the straight and narrow way' of Truth."
