THURSDAY, JULY 9, 1953

Battle names from Manila, 1898, to Choshin, Lae to Solerno, and many, many places in between, will be appearing around the main VFW hall, according to Al Phillips, post commander. Work on the project has already been started by Bud Stuart commercial artist, with descriptive panels to go over the lobby and dining room doors. These panels will bear the words, "V.F.W., WE WERE THERE!" with small arrows pointing to the left and right. Some 50 smaller plaques about the walls will bear the names of overseas places in which post members saw service: Vladivostok, Karachi, Chateau Thierry, Vera Cruz, Normandy, Santiago, Queenstown, etc.

The project is being financed, mostly, by individual members

each naming the place where they saw service and kicking in a dollar. So far, about \$40 is in the account. Jack McCarton is making the plaques of plywood.

There's sure some very heated soft ball being played evenings, on the school diamond and some of the players are very definitely demonstrating they aren't yet "has-beens." Some of the younger lads are in on it too, so if you're in either class or in between and want a good workout, find out when the games are on and be there. Seems like there's enough material to make three or four or five teams.

Two elderly couples, at least, wish to say "Thanks" for the splendid fireworks display at the mouth of the Chetco, the night of the Fourth. Judging by the great number of cars, there must be many, many more who also enjoyed them. It would be pretty nice if, next year, still more funds were available for this blow-out and not all born by one source. So Safe and Sane an observation of Independence day is well worth the money.

The Bob Goykes have settled their trailer house on Pine street, where the Eichenberries used to be from down near Speed Funari's.
