

## BEAVERS AGAIN SPLIT WITH STUDS

The Brookings Beavers played host to Medford's Cheney Studs before a large Lily Festival crowd last Sunday afternoon and split a Southwestern Oregon league twin bill. The Beavers won the opener 3 to 2 but lost the nightcap 9 to 4.

Jim Nierman opposed veteran leaguer Paul Gehrman in the first game and retired the first 15 batters to face him. The Studs tagged Nierman for four hits in the sixth but a double play prevented any scoring. But three more Med-

ford hits in the seventh produced their two runs. Bob Selsor, new Beaver shortstop, drove in Ken Kimura for the first tally in the initial frame and Frank Burdell's triple in the third plated the other two runs. Ritchie Price and Frank Burdell each got two of the six Brookings hits.

Corky Coleman started the second game for the Beavers but it apparently wasn't his day. The Studs gained single runs in the first and second innings, one being unearned, and then drove Coleman from the mound in the third on five hits and two errors, good for six more runs. Manager Jim Lowman came in to relieve and pitched good ball the rest of the way but the damage was done. The Beavers could only manage four runs off left-hander Elliott Fagan. Frank Burdell with a double and Jay Dean with a home run got into the extra base hit column for Brookings.

The Beavers travel to Roseburg this week-end for a Saturday night and Sunday afternoon games.

## Local P.T.A. Venture Success

According to Mrs. F. A. Arrell, president, the Harbor-Brookings P.T.A. had a very successful business venture when the organization sponsored a hamburger, pie and coffee stand Sunday, during the Lily Festival.

Hamburgers sold as fast as Fred Rasmussen, an experienced hand at this work, could put them out. Mr. Rasmussen, although not a member of the P.T.A., volunteered his services, an offer which was greatly appreciated. The P.T.A. is also indebted to the Brookings Plywood Corporation for materials used in constructing the stand, to Kenneth Barker, chairman of the stand building committee and to the Curry County Gas company for gas used and for the loan of a gas plate.

Members in charge of morning sales were Dee White, Ruth Tuttle and Mary Jane Brown and afternoon sales were Mrs. Arrell, Dorothy Herman and Gladys Kanick.

In behalf of the P.T.A. Mrs. Arrell wishes to thank all, who contributed, the public, who so kindly and generously patronized the booth and all members who took time out to make pies, serve in the booth or donate other aid.

According to Mrs. Arrell, the executive board is planning to present a constructive and interesting program in September that, it is hoped, will arouse interest and increase membership attendance.

## Hard-Tops to Run At Gold Beach

Hard-top races will be resumed Sunday, July 26, at the Gold Beach Fairgrounds with a full schedule of races. The races were cancelled last week in deference to the Lily Day Parade.

The Brookings Teen-ager Club are joint sponsors of the meet, along with the Del-Curry Timing Association. The Teen-agers will get ten per cent of receipts from tickets they sell to add to their building fund for a meeting-place. Feature of this Sunday's run

## Brookings Harbor Pilot 3 THURSDAY, JULY 23, 1953

will be a Powder-puff derby, with girls driving all entries. Brookings girls are asked to contact local hard-top owners and see if they can't drive their cars for them.

Five of the cars running Sunday are Curry county cars, driven by local boys. There will be ten or twelve more from Crescent City.

A layer of asphalt emulsion will have been laid on the track before the races begin, to hold down dust.

ELECTROMODE

All-Electric BILT-IN-WALL

SMALL ROOM HEATER

Here's the quick, economical, safe way to banish chills from any small room. You'll enjoy this unit all year 'round for heating when you need it and as a quick drier for hair and clothing. Economical to use because heat is immediate and current is used only when heat is "on." Just set the dial at the temperature you want and forget it. There's no danger of fire, shock or burn because Electromodes have the exclusive cast-aluminum, sealed-in heating element and safety switch. These handsome, modern styled units are available in white or chrome finish. 1520 watts, 110 volts. Easy to install.
