## Observer Station Nears Completion

Work on the Ground Observer Station located on the hill above Brookings is progressing satisfactorily, due primarily to the efforts of Bill Hamann, who is in charge of its construction.

The main part of the building is up, and the builders are beginning to put siding on it. When finished, the station will be completely outfitted with all living facilities.

The observers are in need of siding and asphalt shakes for the walls of the station. They ask that anyone who has partial bundles of shakes, regardless of color, donate them to the project.

more people here for this occasion than had gathered for any other Curry county affair.

## FOR EDDY

There must have been a re-ounding reunion when Eddie got there! Awaiting him, we know, were old friends—Val, Chess, Tex, Martha, "A.C.," Bertha and Mark, Bill and Andy, Ole and Hazel, Henry, George D, Pete, Fred, Montie and oh! so many, many more.

And in the background, more tickled than all the rest, possibly, a dancing, wooly white poodle, red tongue out, panting, awaiting his master's long-missed pat.

We'll all miss Eddie. It really seemed he was a fixture here.

But we all know his latter years were fraught with much pain and worry and he could not be as busy as he'd been all his long, busy life—a Master Craftsman. And we all feel Eddie's reward will be ample because he believed it would be.

As Eddie, himself, so often said to so many of us, "I'll be seein' you," we hope!

A FRIEND.

## OUR APPRECIATION

There is no way for Barbara, Gene and I to thank all the wonderful people who live in Brookings.

Words just don't seem to express our gratitude for all of the kind things that have been done for us since Mickey's accident six weeks ago.

May I take this humble way to try to express our appreciation to each and every one of you who have so graciously helped to lighten our burden.

"Thank you" from the bottom of my heart. May God be as good to you as he has been to us.

Very sincerely,  
PEGGY GOULD.
