

**Right Around Here**

By MAX BRAINARD

The U.S.F.S. is planning to get their property on the southeast corner of Redwood and Alder, across the former street from the library site, ready to build, right away, according to Don Cameron, civil engineer of the Siskiyou National Forest. Cameron stated the first step was to get the half acre plot brushed off. This will allow them to get an idea of what must be done for further development which includes an office building, scheduled to be completed before next July 1. Entrance to the property will probably be from the stub of highway and from Redwood street. Cameron states office space is needed, especially because of the probability of future stumpage sales by the Forest Service.

Some much needed widening of the county road, above the Carl White place, has been done by Pete Tierce and county help. The job required considerable replacement of fencing on the White property. This is the road going up Gardner Ridge and back into the forest.

November 8 is the date set by the local veterans for their annual Armistice Day get-together. The affair is open to all veterans and

their kin and is usually very well attended. It will be in the local VFW hall.

Thursday evening is very definitely Ladies' Night at the Azalea Lanes. All alleys are filled and there are some very capable female keglers there demonstrating their skill. Lacking instruments, it is very hard to tell whether or not they make more noise than the males but they sure lack nothing in enthusiasm and have, if anything, a larger audience.

Word was received here of the death of Tom Page, at San Diego, during the past week. Tom for several years ran the Nook Cafe here. He and his widow, Helen, who survives, are very well remembered.

**GEMS OF THOUGHT  
ECONOMY**

Spend not, where you may save; spare not, where you must spend.—Proverb.

Economy is a distributive virtue, and consists not in saving but in selection. Parsimony requires no providence, no sagacity, no powers of combination, no comparison, no judgment.—Burke.

All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches.—Mary Baker Eddy.

He will be a slave for ever, because he does not know how to use small means.—Horace.
