SWEARINGENS MOVE IN

Mr. and Mrs. Floyd Swearingen have moved into their newly completed three bedroom home located on the beach off Tanbark road. The view can be seen from most of the rooms.

Mahogany is generously used in the interior with fireplace and planters of flagstone. The two-tone exterior coloring of seagreen and coral seemingly cuts the length of the building. Flagstone planters tie in the two colors effectively.

Mack Malcolm and his able crew were the builders.

Advertising in the Brookings-Harbor Pilot brings results.

Newspapers and other advertising media, cooperating with commercial advertisers, donated over \$50,000,000 worth of advertising to promote the sale of U. S. Savings Bonds in 1952.

About 75 per cent of U. S. Savings Bonds which have matured are being held under the next 10-year extension plan for the continuing interest rate of three per cent a year.

Prize Winning Home From Small Homes Guide Is Easy On The Family's Budget

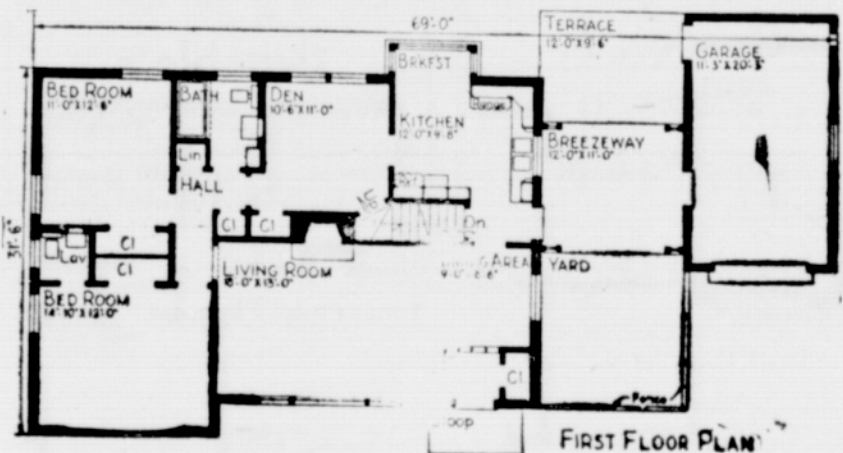

© Small Homes Guide

Because the simple lines of this home designed by Architect Erwin H. James make it acceptable to the family that must keep the budget in mind, it was chosen as the prize winning design in the current edition of Small Homes Guide.

Space was allotted jealously when the rooms were laid out, without a square inch wasted. There is almost no hall space; the main bathroom and the powder room off the master bedroom are compactly fitted in; a small area is cut off from the dining-living room to serve as an entry without space taken for a special vestibule; the kitchen is the space saving L-shape.

The den can have a multiple function, serving as nursery and play space for children while Mother is at work in the kitchen; serving to carry traffic that might otherwise flow through the living room; serving its planned purpose as den or home office, or it can be a dining room. The total area is 1,310 sq. ft. Information on blueprints and their cost can be obtained by writing to Small Homes Guide, Dept. 1202, 82 W. Washington, Chicago 2, Ill.
