

## Bids To Be Let On Highway Jobs

At its regular meeting in Portland on February 25, the State Highway commission will receive bids on two projects in Curry county. One project calls for furnishing of 8,500 cubic yards of crushed materials in stockpiles for future maintenance operations on the Oregon Coast Highway north and south of Brookings. Another project calls for construction of four reinforced concrete bridges on the Rocky Point-Brush Creek section of the Oregon Coast Highway south of Port Orford. Plans call for the construction of a 189-foot bridge over Brush Creek north of Humbug Mountain State Park, a 62-foot bridge over Brush Creek near the entrance to Humbug Mountain State Park, a 100-foot bridge over Brush Creek south of the park, and an 80-foot

## TAX GUIDE HERE FOR SELF-EMPLOYED

A special guide sheet to help self-employed persons in correctly reporting their net income for social security tax purposes is now available, Claude E. Dawson, manager of the Eugene social security office announced today.

This leaflet, "Helpful Guides On Reporting Your Self-Employment Tax," he said, has been issued by the Social Security Administration to supplement instructions given with the Federal income tax forms.

Pointing out that social security benefits payable to a self-employed person and his family in his old age, or to his dependents in case of his death, are based on earnings credited to his social security account, Dawson stressed the importance of correct reporting. "It costs the worker as well as the government additional time and expense when an incomplete or correct return has to be straightened out," he declared.

This guide to accurate reporting of self-employment net income is available for the asking at the Eugene social security office.

Dawson urges all self-employed persons whose trade or business is covered by social security to get a copy before making out their 1953 Federal income tax form. The social security tax of 2½ per cent must be paid at the time the form is filed on or before March 15.
