That Camellia plant the Nayborhill folks gave Mr. and Mrs. Percy Hanks a few months ago is really doing itself proud! Its just covered with flowers and buds. The plant isn't very large, but the flowers are full size. (Mary says as large as a saucer.)

We had a visiting window washer up our way last week, wore jeans, but I noticed the hair was done up in pin curls.

We'll not tell you who it was—you'll have to do your own window washing.

When we do get a couple of nice warm sunny days, our Nayborhill fairly seethes with activity.

Ruth B. Smith, who does such a fine job of writing this column every week, recently visited her grandchildren in Chehalis, Washington. While there, the children contracted measles which prevented Mrs. Smith from being present at the last meeting of the Azalea Garden Club. But measles or no measles the show must go on, and while last Thursday, our worthy reporter was quarantined up north the Grange Hall was buzzing with Garden Club activity.

A Flower Show workshop was held in the morning under the direction of Mrs. Dale Chapman, Flower Arrangement Chairman, when members juggled with flowers and containers, experts helping beginners, and after much trial and error some beautiful arrangements were created. Later in the afternoon these arrangements were evaluated by Mrs. Almo Newton and Mrs. Charles Grayshel, who picked them to pieces, both metaphorically and literally, at the request of the owners so all could profit by their mistakes. Mrs. Verna Anderson was in charge of the corsage class and gave an interesting demonstration on corsage making. A potluck luncheon was served by the hostesses. Mrs. Almo Newton, Mrs. Tony Olsen and Mrs. Albert Joy and a short business meeting
