

Fire Destroys Overman House

Fire early Wednesday morning destroyed the Clarence Overman house, on the Chetco River road. The house and contents were a total loss.

The Overman family was away at the time of the fire, and the building was completely destroyed before help could be brought to save it.

The cause of the fire is not known. It is the second fire of undetermined origin to occur in the neighborhood within the last ten days.

CLARENCE H.

BROOKS

Republican Candidate For County Judge Primary Election May 21, 1954

He stands for a clean cut, progressive, unified, business administration of County Affairs.

His qualifications and business ability have been demonstrated by his active work and interest taken in Curry County over a period of several years.

He seeks your vote on his record as a live wire citizen of Curry County who has been interested enough in Curry County to have given freely and willingly of his time and effort in the past. Your vote is not solicited on fantastic election promises for some future date, but on the simple, understandable, and reasonable theory, that if he is elected he will continue working for Curry County in the future as he has in the past.

Aside from his successful work at the State Legislature, and other parts of Oregon, he has served on Curry County Fair Board for about five years; Curry County Public Welfare Commission, appointive by the Governor, for four years. Elected to the second term on the County A. S. C. Committee; now serving as County Supervisor and Secretary-Treasurer of Curry County Soil Conservation District; served three years as Master of Sixes Grange, and now serving as Master of Curry County Pomona Grange; now serving on second five year term on Langlois Community Church Board; Was Chairman of Pomona Grange County Telephone Committee at the time we got the telephone improvement started in the County; as Legislative Chairman in the Grange was very instrumental in helping to get our present Bonneville Power Line into the County; was active in organizing the Sixes Juvenile Grange, and has worked on Youth development continuously. He does not indulge in the use of tobacco or strong drink, the two things coupled to most all Juvenile Delinquency, and regarding these, and as your Juvenile Judge can say to any child "Do as I Do" and not "Do as I say."

It is commonly known by his associates that he sees much room for improvement in the way our County Affairs are handled, and if elected he will do his best to see to these improvements. He will see that the tax payers of Curry County get value received for every tax dollar dispersed. He does not believe in deception of any kind, and stands ready and willing for consultation or questions. Stands squarely on his feet, with no political or other debts, and favors no individual or group over any other. He is honorable, trustworthy, and capable. Curry County will not rise above its leadership. It was with much persuasion that he is offering you six years of service. It is up to you Mr. Voter.
