**Lions Hear Boy Report on Trip**

The Brookings-Harbor Lion's club recently heard a report on a trip taken by a Brookings youngster . . . and it was one in which they had a large part.

The trip was taken by young Bobby Widney, to San Francisco . . . and it was the Lion's club that sent him.

Some time ago, Bobby lost an eye in an accident. Since that time he's had trouble with its replacement. So the local Lion's

ment that it could go nowhere else.

But to come along now and say to the Postal Department: "Look; we know nothing of your negotiations on this post office . . . we don't know the economic considerations involved or the needs of your department—but we want it here"—that would be unthinkable. And to do so because pressure has been brought upon them to do would be worse.

At any rate, we hope this one is settled, one way or another, in the very near future. A few more weeks of this tention will exhaust the town. And after the postoffice is once located, we have an idea that it won't seem nearly as important as it did, anyway.

club sent him to a San Francisco specialist to have it properly fitted.

At the Lion's meeting, Bobby was there to give them boy's eye view of San Francisco, and to say thank you for making the trip possible.

Mr. and Mrs. Melvin Henson of Brookings are parents of a 7 lb. 11 oz. son, Melvin Craig, born June 12, 1954 at the Brookings Clinic.

**BURNED POLE CAUSES POWER OUTAGE**

Power in the Brookings area, as well as a large section of Southwestern Oregon, was interrupted for about one hour and forty minutes Monday.

According to the local office of Coos-Curry Co-op, the interruption was due to a brush fire which burned a transmission line pole, in the rough area north and east of Gold Beach.
