Honey on Wheels

—and only a few dollars more than the low-price cars!

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford *any* new car, you can afford a Buick — and a look at the figure on the price tag proves it.

Look again, and you'll see that this is the *local delivered* price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the time, and the great panoramic windshield, and the surety that such fresh-

looking beauty will *stay* in the style parade for seasons to come. (That means a better deal for you come resale time.)

Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?

Come in for a demonstration — this week, for sure. And learn, in the doing, what a big trade-in allowance our volume sales can bring you.
