During the building of the Lily floats last week, Sid Clendenin, a man long associated with the Lily Parade was among those missing since the last years parade. The Grange, the Lily Growers and the Barbershoppers in former years has received Sid's enthusiastic and loyal assistance in constructing their floats. That was not all, he would give an aiding hand wherever it was needed in the community. But no man is gone whose memory lives on among his many friends, as that of Sid Clendenin does in this area.

Well, things are looking up again. The Union carpenters have promised to work on this project Saturday, July 24, when, according to Blain Gribble, framing and building trusses will start. The American Legion, The Wranglers and the Lions' Club have promised to help, later, also. Ben Jones has been doing a lot of odd jobs on the site.

We still need logs, any kind of logs dumped in the Brookings Plywood pond to be credited to the Scout's account for materials that are on hand and whatever else is needed to put the building up. They have agreed to accept any kind of logs.

There should still be more organizations stepping out on this project. The people who live in the area where this building will be are for it 100 per cent. Mr. Arp, the building inspector, has all the signatures in his office.

**LET'S GET THIS BUILDING UP BEFORE WINTER!**

**Wranglers Have Rodeo; Livestock Win Most Events**

The Chetco Wranglers conducted their second rodeo, and their first amateur Rodeo at their newly completed grounds, Sunday.

And, from all reports, the happiest people there were the livestock and the spectators.

At least, that's what Larry Roemmick says Larry was there. And he can prove it. He can describe perfectly the underside of the bull which he was supposed to be on top of.

But he had lots of company. Actually, the only Wrangler there could boast that he rode a bull was Fred Huj. And everyone else says that Fred rode a specially trained one.

In fact, probably the only honest event run was the Shetland pony race, won by Teddy Freeman. No one else was willing to admit that he had even participated in an event.

Actually, a number of Wranglers took part in the show, and a sizeable group of spectators

watched them. Because of local interest and because of the great interest shown in the Rodeo a week ago, the Wranglers have announced that they plan another show for September.

New officers were elected at the club's meeting last week.

They were: Ed Thornton, President; Arnold Morris, Vice-president; and Doris Freeman (as usual) as Secretary-Treasurer.

New directors are Dave Crockett and Arnold Freeman.
