IMPROVEMENT FOR AREA ROW ON ROW

The parking lot at Hanscam's Shopping Center was given a thorough face lifting Tuesday and Wednesday. The area treated by the asphaltic concrete paving extends the full length of the building to the side over to and around the Harbor Post Office. On the front the paving extends to the highway.

One half of the work was done on Tuesday to allow space for parking and the remainder done on Wednesday. Jacobson's, also doing Hillside Ave., did the work.

Paving done gives the illusion of a much larger area than was for use heretofore. Junior Hanscam, stated that parking stripes would be painted.
