**Explorer 80 Mile
Hike Completed**

Larry Hannon, Jerry Smith, and David Bushnell, members of the Rod and Gun Club Explorer Past 32, completed the high adventure hike of about 80 miles along the Skyline Trail.

One purpose of the hike was to log the mileage of the trail, which they did by pushing a bicycle wheel measuring device. They also reported that parts of the trail are covered over with windfalls and hiked some extra miles when they missed the blaze marks and had to retrace their way. Some long hikes of 15 or more miles had to be made on some of the days in order to reach water. Their food was dried to make it light weight, and they mixed it with water and cooked it at meal time. They were accompanied on part of the trip by two Air Force men who assisted with the air drop of food to the boys near Diamond Lake.

The boys all report a good trip and are thinking about going on a two week hike of 110 miles next year.

Howard Crane, Explorer leader, met the boys at O'Dell Lake Saturday. They stayed overnight at Crater Lake, sleeping out and returned home Sunday.
