

## Elks To Sponsor Library Drive

W. S. "Chad" Chadwick, chairman of the Elks Social and Community Welfare Committee has been appointed chairman of the committee in charge of collecting funds for the Chetco Community Public Library. These funds will be used to finish and furnish the library. The library needs in the neighborhood of \$2,000 to complete their project. The Elks plan to help raise some of that total. They plan to set \$500.00 as their goal. The drive will consist of placing coin containers in various places of business so people can make their donations for this worthy cause in them.

Friendship cannot exist except among good men.—Cicero.

## NEAR TRAGEDY ON MOUNTAINSIDE

A near tragedy occurred last week when George and Les Dimmick, were duck hunting, along with George's son, and their mother, Mrs. Dimmick.

Coming home from the expedition George was driving with his mother, and his son. He had just reached the top of a steep grade, with a drop of about 1,000 feet, when he suffered a heart attack. Mrs. Dimmick doesn't know how to drive, and the vehicle could have easily swerved and plunged down the mountain side. However, George had the presence of mind to stop the car. Mrs. Dimmick dragged her son out of the car, and laid him along the highway. A passing vehicle

stopped, and as fate would have it, a nurse was in the car.

She revived George, while her husband drove into Medford to get an ambulance. He was taken to the Medford hospital, and re-

mained there for several days, returning to Orrick, Calif., on Wednesday.
