Lesmeister Named As SAFECO Agent

Appointment of Pete Lesmeister as Brookings agent for the SAFECO Insurance Company of America was announced today.

A year ago, SAFECO was designed to provide lower cost automobile insurance. The company has a capital and surplus of two million dollars.

Pete Lesmeister said that the organization of the company is expected to revolutionize the automobile insurance business. For the first time motorists will be offered lower priced automobile insurance through recognized, independent agents.

Lesmeister said low premiums will be offered by the application of revolutionary cost-cutting methods in issuing policies and in keeping them in force. He also emphasized that no membership fee is charged by SAFECO.

SAFECO is a member company of the General of America group which includes the General Insurance Company of America and the First National Insurance Company of America. W. L. Campbell, Seattle, is president of the company. These companies also are represented by Lesmeister.

When waking, do not carry packages that will obscure your vision ahead or to the sides. A car may not miss the pedestrian who didn't see it.

An extension telephone costs surprisingly little and it's really a wonderful convenience. When the telephone rings you can reach instead of run.

Call our business office today for full information. Find out how quickly and economically you can have the pleasure of an extension telephone.
