CHETCO DRUG — YELTONS

George Funk was busy Monday morning, selling tickets at a buck a throw. Such confidence did they have in George that the customers didn't even ask what they were for nor when the drawing would be. George couldn't answer them. Then someone suggested they might be good at the Rotary family doin' that night. George was pleased with this bit of information, and suggested all hands investigate.

CHRISTIAN SCIENCE CHURCH
Christian Science churches throughout the world devote themselves to consideration of the Biblical text, "Hear, O Israel! The Lord our God is one Lord" in a Lesson-Sermon entitled "God" on January 2.
It will be concluded that the divine nature includes no contrary element with which to inflict sickness or inharmoniousness. His creation, "The relations of God and man, divine Principle and idea, are indivisible in Science and Science knows no lapse from return to harmony, but holds the divine order or spiritual law in which God and all that He creates are perfect and eternal, to have remained unchanged in its eternal history" is a supporting reference from page 470 of "Science and Health with Key to the Scriptures" by Mary Baker Eddy.
