

**New '56 Mercury — To Be Here September 29th**

A more massive appearance, brought about by a new grille treatment and lowered height, is combined with a more powerful engine in the Mercury for 1956. A sweep side moulding adds to the graceful flowing lines, and accentuates the low, road-hugging characteristics of the car. Powered by a big new 312-cubic inch displacement Safety-Surge V-8 engine, the 1956 Mercury has superior acceleration and passing ability. New safety features including an improved door latch, an impact-absorbing steering wheel and safety belts are offered. Shown here is a Custom four-door sedan.

**HAS HOUSE-WARMING**  
An innovation was a "Trailer-house-warming" given Mrs. Katherine Sandstrom. A dozen friends swooped down on her new residence at the Surfside Trailer Court, and did the honors in style, all happy that "Kay" had recovered, so nicely, from her recent major surgery. Mrs. Sandstrom had a beauty parlor, in Harbor, for several years and has resumed operations in Brookings.

Jim Grush, son of Mrs. Betty Shea, who, with his brother, Jack, finished their schooling in Brookings, is home on a brief leave. Jim was promoted to sergeant, in the U. S. Marine Corps, early in enlistment, which speaks of his capabilities. He spent a year in Japan and has another year of service ahead of him, and is now with the U.S.M.C. Test Unit, at Camp Pendleton, California. He has a half a mind to stay with the outfit.

Mrs. Mary Waterman made the trip to the Curry County Hospital at Gold Beach, Friday, in Terrell Cooper's ambulance. Mrs. Waterman, "Mary" to her many long-time friends, widow of O. O. Waterman, came to the area, over 40 years ago, most of which time the family made their home on the Winchuck. Last year her house burned and a new cabin was built for her on the old location. Her many, many friends hope for her early mending and return.

Among the divorces granted in the circuit court at Gold Beach during its recent session were: William G. Higham, from Jessie M. Higham, and Hazel L. Ray from Howard T. Ray, both couples from Brookings.

**Two Injured In Auto Accident**

Tommy Evans, and Norma Suitor, both giving their ages as 15 and their home as being in Brookings, together with William Kelly, 34, of Medford, were injured in a car wreck on the Pedwood Highway, just inside the California line, according to a report. The accident happened Thursday when the car, driven by Tommy, went out of control and struck a tree. Tommy was jammed in the car for a half hour or so and a part of the car body and had to be pried loose with a crowbar to get him free. He was the most seriously injured and is a patient in a Grants Pass hospital. The other two were briefly hospitalized and released.

Word came, Saturday, of the sudden death of Mrs. Addie Hill, a long time resident of Camas Valley. She was the grandmother of Jim and Jack Grush, sons of Mrs. Russ Shea. Mrs. Shea and her son, Jim, who happens to be here on furlough from the U. S. Marine Corps, went to the funeral.

A letter from Faye Sunderland says she and Roy have moved again, their new address being 17765 S.W. Kinnaman Rd, Aloha, Oregon. Mr and Mrs. Sunderland came to Brookings in '45 and were successful business people. Mr. Sunderland is now with an outfit manufacturing metal buildings. Mrs. Sunderland writes that they don't know why they left Brookings so are constantly looking forward to their last move—back to the Chetco country.

**Word Received From Barclay**

First of the Armed Forces personnel to check in to the PILOT is Jim Barclay, whose folks—Jim and Helen—live out off Arnold Lane. He sends us the name, but not the address, of another local boy, Lee Schley, stationed at Pearl Harbor.

Jim writes that he is Barbers Point Naval Air Station, has a lot of time on his hands and wishes to hear from some of the boys and girls he used to know when he lived and went to school here. So, to lead off the list we plan to publish and inviting any service personnel in the vicinity of Barbers Point, or "Pearl" to look in, here's

Since notice in our last week's issue asking for the names and addresses of service personnel, the following have come in:

Pvt. Richard Campbell, Co. A, 88th Engineer Bn. Ft. Carson, Colorado.

James D. Barclay, (Barbers Point N.A.S., Hawaii), N. A. S. Crash Fire, Navy 14, c/o Fleet P.O., San Francisco, California

We have several other service personnel on our subscription lists but, as we don't know where they are stationed it won't be complete if we only publish their mailing address. To be of use, please send us the official address as you address them and also tell us where in the world they are stationed.

From where I sit... by Joe Marsh  
... Makes a Man Healthy, Wealthy—and Tired!

Sandy Peterson's nephew Pete has gone back to college. He worked on Sandy's farm a couple of months last summer to get hardened up for football. He seemed to enjoy farm life all right—but like most city kids it took him some time to get used to a farmer's schedule. Sandy claims that when he went in to wake Pete—on the first morning—the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow you'd better get to bed!"

From where I sit, we must have heard a million stories like that. But they show how some people assume their customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because they don't do it. Just like some people don't think enjoying a glass of beer is "right"... because they happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.
