WEATHER REPORT
Those who watched the east coast football game on their television Sunday felt sorry for the players and customers. On the screen it looked like they were playing in a terrible blizzard and shivering fit to shud their togs.

SID'S BACK
Sid Luce is back from a long session in the Veterans Hospital, Portland. Because he's been inactive so long he'll have to lay off fishing and eeling for a spell.

SLIDE TROUBLE
Because of difficulties in getting a firm footing across a gulch, up near Koblenzar's Auto Camp, north of Ophir, according to reports, several miles of newly constructed 101, cannot be used. The story is that a fill was put in across the canyon but it slipped out a couple of times and now other means are being employed to sustain the traffic. On either side of the gap the highway is complete, even including the white lines.

The mother of Mrs. James (Hazel) Leith, Mrs. Hauxwell has been for many years very active in the Eastern Star, Rebekahs, and the Daughters of St. George, to which latter group she was eligible because of her birth in England, in 1872. AMBULANCE MEETING TO BE MONDAY NIGHT

There will be a meeting of great importance to everyone in the area at 8 p.m., this coming Monday night, December 5th, at the City Hall.

Everyone is urged to attend this meeting concerning the Community Ambulance, and especially those who represent the various service organizations. Sam Hall will be the moderator of the meeting.

The ambulance is a project of vital interest to all of us and has been dangling for several years. It is imperative to the welfare of all that it be put on a business basis. If it is not we shall have no one else to blame but our own selves.
