**Harbor News**

After reporting last week that Mr. and Mrs. Joe Moore had come back from Davenport, Ia., and that Joe was due for induction in the Armed Forces on December 7th, we find that we were partly right. They did come back expecting Joe to be inducted, but he was deferred and told to go back and finish his work at the Palmer School of Chiropractics where he is due to graduate in about nine more months.

Mrs. Milton Foster has received the announcement of the birth of a seven pound, two-ounce daughter to her son-in-law and daughter, Mr. and Mrs. Mike O'Brien of Glen, Montana, on December 23rd. They have named the little colleen, Maggi Kathleen. Mrs. O'Brien will be remembered here as Francis Reekman Barton.

Mrs. Jennie Smith received word last week of the death of her son-in-law, Jack Ryan, at San Francisco, on December 1st, due to a heart attack with the

funeral being held there on the 5th.

The Grange is having its annual family Christmas Party this Friday evening, following a short business meeting. Santa will be there for the gift exchange, with everyone asked to bring a gift, minimum value of 50 cents. Each Grange lady is asked to bring cake, jello or sandwiches for refreshments.

Mr. and Mrs. D. L. Massett drove over from Klamath Falls and spent the weekend at the home of Mr. Massett's parents, Mr. and Mrs. D. F. Massett. When they returned Sunday, they took the children with them after visiting their grandparents for the last two and half months while their mother was under medical care.

Raymond Reekman was able to be brought home from the hospital Sunday after being there for over two weeks. He will have to remain in bed for about a week or longer then be fit for a brace, which he will have to wear for some months. He would be glad to have any of his friends come up and see him while he is bedfast.

**Heavy Mailing At Post Office**

Postmaster Bill Thompson expressed his appreciation today for the fine response from individuals and business firms to his "Mail Early For Christmas" pleas. He went on to say that the period between now and December 25th is bound to be the heaviest of the year for all postal employees.

The terrific stream of outgoing Christmas cards and gifts is now near full flood with a like torrent of incoming mail becoming greater every day. In the next few days the Postmaster expects the mail load to hit its peak.

He said, "I know the time has passed to talk about mailing early. For the inevitable last-minute mailers, he suggests that they use air-mail for every Christmas card or gift going out-of-town and by all means get them in the mail today! Even one day's delay at this critical time may mean disappointment for a loved one on Christmas."

There is still time for local deliveries but all Christmas cards should be sent first-class mail to insure prompt delivery.

To take care of the last-minute rush, which always begins when the incoming Christmas mail is greatest, the Post Office will remain open from 8 a.m. to 6 p.m., including Saturday.

Postmaster William Thompson said today, "Now that we are coming close to the big rush

want to express my thanks for the fine cooperation from everyone. The 1956 "Mail Early for Christmas" campaign will be a rousing success if everyone will just keep up the good work. This year, on Christmas Eve, I would like to see every mail bag empty and every Post Office employee relaxing at home.

**PUDDLE CHORUS**

Probably don't read right, elsewhere, but there are nightly and daily serenades going on around Brookings, coming from every little puddle and pool—green peep frogs are chirping all over the place.

A boy came to Mr. and Mrs. Vern Myrin on Wednesday, just in time to make this issue, with Dr. Gibson assisting.

An eight foot picture of a shoe for the Old Woman in the Shoe was sketched by Delores Shaw and Judy Nicherson, upper grade girls and the little folks did most of the painting.
