A Few Yellow Pills

A RECENT DEVELOPMENT in medical research is said definitely to cure malaria, long a scourge in certain sections of the country. Three small pills a day for five days and symptoms disappear. It is also claimed that four pills a week during the malarial season will serve to prevent the malady. All of the fruits of medical research are available to you through your family physician. He should be your sanctuary in case of illness, your protection against the wiles and artifices of the unprincipled peddler of nostrums.

Announce Engagement of Melody Brimm

Mr. and Mrs. Roy Brimm have announced the engagement of their daughter, Melody, to Barry Robert Sage, son of Mr. and Mrs. Robert Stotenbreg.

No date has been set for the wedding, but it is expected to take place next summer.

— By MRS. FRANK WALDIEN

Upper Chetco P.T.A. meeting took place December 15th, with 28 members present.

The Upper Chetco School P.T.A. made drapes for school stage and presented them. The grommets and installing of the same was donated by Roy Brown

Alan Payne and Sonja Thomas thanked the P.T.A. on behalf of the lower grades, respectively.

The P.T.A. expressed thanks to Gene Thomas for extensive work done on the stove, drape hanging and miscellaneous other

jobs. Entertainment was furnished by Mr. Dial of the Brookings High School and two trios singing Christmas Carols. They included Mary Gale Smith, Sally Swanson, Ann Baldwin, Jackie Smith, Kay Nichols, Marlene Olson. The group singing was led by Ann Baldwin with Mr. Dial at the piano.

Coffee and doughnuts were served.

The next meeting will be a potluck supper at 7:00 p.m.

Anyone coming from other communities who bring children to our Christmas program on Thursday evening, December 22 should bring a gift for the child to help Santa Claus out.

The Gene Thomas family are going to Portland the day after Christmas to visit "buttonhole" (I quote Mrs. Thomas) relatives.
