The building in Brookings has been called a variety of superlatives. It was fabulous to the extreme. Brookings had over \$1,200,000 of building permits issued this last year.

And take Crescent City. Everyone knows that our neighbor to the south is growing by leaps and bounds. But does everyone know that building in Brookings was well over double the amount done in Crescent City.

Finally, another Murphy has moved on the scene. William Murphy, formerly of Crescent City, with the West Coast Telephone here. I called on Don Ross, the new Commercial Finance man Monday, and when I said my name was Murphy, he was ever so happy to see me because he thought I was going to put in his phone.

Bobbie Dimmick, the younger, told me about an unusual occurrence at a basketball game last week at Port Orford. It was in the "B" game. Somebody passed a ball in from out of bounds, it hit an opponent's hand and shot over and went through the hoop.

New Years Day dinner at the Ed Thorntons was quite an occasion. It was deary Christmas for Ed's brother, Bill Joe Thornton and family of Stockton, who arrived a week late because of the storm.

Ed and Tommy Lou Gallier also celebrated their birthdays. Present were the Ed Thorntons, Raph Gallier, Ed's mother, Viola Thornton, Vern and LaVern Mendenhall and the Bill Thorntons.

## CHURCH NEWS

We are sorry, but all of the church notices were not brought in this week, and consequently we can't run them. Beginning the first of the year we made some changes in our plant and all the notices must be re-set on a different measure, and so it requires a complete change of copy. Those who wish their notices run please let us know before Tuesday night of next week.

Thank You, THE PILOT

**Experience With An Eel**

The electric eel is an interesting example of the almost endless variety of life which God has seen fit to place upon this earth. Merely by looking at the eel we are unable to see the great electrical power with which it has been endowed — capable, under certain conditions, of killing a man or a horse. However, this power is plainly seen when used to light a block of neon lights.

In the same way men may regard the Creator, not realizing the great unseen powers which may be experienced and utilized in their own lives. Only by personal faith in Him can we know this power and be convinced of its potency.

# BIGGEST OF THE BIG 3 -and mighty proud of it!

You certainly should look at the '56 Buick SPECIAL!

We've said it before, and we'll say it again: If you can afford any new car, you can afford a Buick — and the sales figures make the proof of that stronger and stronger. Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars — naturally. But which cars are in that Big 3? Two of the well-known smaller cars, and Buick — for over two years running now. That means Buick prices are well within reach of more and more people — thanks primarily to the budget-tagged Buick SPECIAL, like

the one pictured above. And that's the whole point of the matter. For this low-priced Buick SPECIAL — so close in cost to the smaller cars — is so much more automobile for the money, it's the stand-out buy of its field. It's the biggest of the Big 3 in power thrill, in comfort, in size and breadth and luxury and sheer roadability. It's the biggest of the Big 3 in the solidity and softness of its all-coil-spring ride — in the sweep of its styling — and in the pure thrill of its performance. For where else but in Buick can you

get the nimble getaway, the gas-saving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Dynaflow? Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series. It's proud we certainly are to be able to offer so much car for the money — but nothing to how proud you'll be when you boss a new SPECIAL. Can you come in tomorrow? \*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.
