

HARBOR NEWS

Wes Hinton was called to Willis last week by the death of his older brother, William Hinton, whose funeral was held on Friday. Mr. Hinton returned home during the weekend.

Mr. and Mrs. William H.S. Smith are enjoying a two weeks visit from Mrs. Smith's mother, Mrs. John F. Burch, her sister, Margaret Gray and her brother, Jack Burch, all of Long Beach, California. They report that the travelling on Highway 101 was bad, and that at one place where there was a slide, the road was closed right after they had passed through.

Herbert Payne, his daughter, Mrs. Sonny Chapman and two children, Harriet and Jimmy, drove to Grants Pass Friday for

an overnight visit at the home of another daughter, Mrs. Gene Reiling. While there Jimmy celebrated his fourth birthday by being on the birthday program held each week at the Grants Pass TV station.

Mrs. C. L. Russell was able to be brought home Sunday after being in the Seaside Hospital for over a week. She is reported to be recuperating very satisfactorily.

Mr. and Mrs. Nels Lingren of Medford have moved here to make their home. They have rented the former Grange Hall on the Herbert Payne place and Mr. Lingren will be available for cabinet work when his work with the Beresa company is over.

SKETCHBOOK

Bud Pisarek

Checking back through the old files of the PILOT I noticed yours truly actually came out and said he was amongst the retired basketball players after last years March of Dimes. But I can't let those kids down. I'll be back in varsity swing again, Sunday, so hope all of you sports enthusiasts, and flower growers, will all get out for the game.

There is also going to be a March Of Dimes Bowling Classic and a great big party at the Cliff House Saturday night. So there are a great variety of ways anyone can contribute to the Dimes cause and still have a little fun out of it.

I read a piece in another paper about a county in Florida. They claimed they were the fastest growing county in the country. The article was a release from the county courts secretary, so I see they got Curry County beat on two accounts.

We received several papers from a "Log Cabin" Dottie from way back in Minnesota. The town Cook, Minnesota, is having sewer problems also.

The many friends of George Titus, of Harbor, and Mrs. Lola Roderick, now of Fort Dick, but former Brookings resident, are extending them their congratulations and best wishes on their marriage at Arcata on Wednesday, January 19th. The ceremony was performed by the Elder Becraft at his home. As the couple have property in both Harbor and Fort Dick, they are indefinite as to which place will be their future home.

Sketch Book

I noticed an ad in a Gopher paper that read, "Cooperative Mortuary . . . etc. I wonder who has to be more cooperative—the stiff or the mortician. I have heard the expression, "Deader than Dear" . . . but never saw it advertised.

Sketch Book

Another thing, about all of the out-of-town papers we receive, in exchange for the Pilot, I noticed quite a few pictures of girls that are announcing their engagements. How come not so very many here in Brookings? The boys not popping the question, or being Leap Year are they waiting for the girls, or are the girls too modest to bring in the news?

Sketch Book

So remember, if any of you know of a sister, brother, bother-in-law, uncle, aunt, or wife that is getting married, have them get the information and the snapshot into the office. Do we need them? It's like the prisoner asking the executioner, as he placed his head on the guillotine block, "How are you fixed for blades?"
