Formation of a county-wide Chamber of Commerce manager and possible methods of financing such a project was the main topic of discussion at the meeting of the Curry County Tourist and Recreation Committee, announced Morris Kelley, the Committee Chairman.

This Committee, explained Kelley, is one of the committees on the complete economic survey in Curry County. Present at this meeting, stated Kelley, were three members from each of the present Chambers of Commerce now active in the county.

Howard Maple, Manager of the Coos County Chamber of Commerce, presented information relative to the methods used, in Coos County, to finance their Chamber of Commerce and the work being done by himself, as manager.

Maple explained that a manager, of a county-wide chamber of commerce, was mainly interested in pulling together activities of individual chambers of commerce, improvement of the highways within the county, and general county-wide advertising, handle publicity to newspapers and radios and was alert to the promotion of new industries within the county.

Further information that the committee considers a minimum budget of \$12,000 would be necessary to carry on this project. The facts, Kelley added, presented to and considered by the committee will be presented to the Chambers of Commerce for their consideration and possible approval.

Despite sundry rumors, it is reliably reported that our old neighbor, LeRoy Marquis, is getting along pretty good up at the Curry County Hospital in Gold Beach. And if any of the folks are up there, it would be right neighborly to drop in on him.

Further information that the committee considers a minimum budget of \$12,000 would be necessary to carry on this project. The facts, Kelley added, presented to and considered by the committee will be presented to the Chambers of Commerce for their consideration and possible approval.
