ATTEND SPORTS EVENTS —

Students of the local schools are complaining because of the lack of attendance at their games and fear that there will be a similar stay-away from football. They argue that an enthusiastic audience rooting for them encourages them to give the customers a better shake for their interest and that it is discouraging to not have an audience. The students write that even the parents of the players are absent and end their plea with a reminder that they will soon be expected to take their place as citizens. They don't promise to be loyal supporters of their successors on the playing fields, in their time.

Used to be, before television, swing shifts and graveyards, when folks used to jam-pack every public event, especially the school basketball games.

the winning Parts Men Bud McCourt led the way with 563 pins which took high honors for the night, and Don Johnson who had 528 pins and Tiny Drake who contributed 505 pins.

For the Losing Pilots, Jim Harper led the way with 508 pins and was followed by Vic Yahr with 489 pins.
