

CANCER DRIVE TO BEGIN SOON

Drives for funds with which to relieve the human race of much of their suffering leads us to believe that moneys now diverted into the conquering of cancer will lead to similar happy results. The drive for funds is about to begin. You, or some member of your family may, at some unexpected time, be a beneficiary from this pool. Already it has relieved the suffering of

millions of people and the scientists hold that they are making progress daily. It is to the best interest of all of us that this fund is kept handy.

NEW BRIDGE FOR CHETCO

Dan Brown, an engineer for the U.S. Bureau of Public Roads, is making a preliminary survey for a new 300 foot bridge to span the Chetco River above Bruce Hole. Brown states that he expects funds will be made avail-

able by the federal bureau so that work can be started right after the first of July. He told the Pilot that he is not concerned with the road work, that being within the zone of another agency of the government.

SPEBSQSA Ladies Night

Despite the showers and diversions, over 30 members of the Barbershoppers, and their ladies, met at the VFW Hall, last Saturday evening. There were several guests from the Crescent City Chapter.

FOR SALE—Green Alder Wood. Lengths Wanted. Box 343. J. E. Smith, Harbor. 7-1-c

SCOUT BUILDING REPORT

The Scout situation is looking up, according to a report from Mike Page. Other Scout Leaders have come and gone, over the years, but Mike continues, proposing to keep at it until he sees the Scout Building completed and available to the Boy and Girl Scouts of the Brookings-Harbor area.

Thanks to the help from Roy Weideman, part of the roof trusses have been assembled and put in place and Mike says he figures the job of getting the 40 x 60 building to going is about half done. Everything, so far, has been paid for except a billing of about \$100 to Horton Brothers for laying the concrete blocks. Mike urges everyone, and especially the parents of Boy or Girl Scout age children, to contact him or Ray Reeser and see what they can do to wind up the job.

and now of Graybull, Wyoming, who donated the land.

Title to the property, Mike says, is in the hands of the local I.O.O.F. Lodge, a technicality only, the lodge having assigned entire management and operation over to the Chetco Scout Building Committee.

The importance of making the building fit to meet in is emphasized by Page's report that, at present, Troops 32 and 22 are meeting in the old school building; the Explorers at the Rod and Gun; and the Cubs at the VFW Hall. Further, Page reports, the Girl Scouts here have

been inactive for several years and urges that some of the ladies take up the project so as to be ready when their own Scout and Girl Scout Building is fit to be moved into.

ALFRED A. GOODLIN PASSES

Alfred A. Goodlin, 82, a native of Smith River Valley, where he was born April 18, 1874, the son of the late James and Eliza Goodlin, pioneers of the Smith River Valley, passed away on March 29th, at the Seaside Hospital following a short illness.
