

**FRANKIE and LOUIE KING** Mr. and Mrs. Louie King are back in town looking for a location with the idea of staying here if business warrants. Frank-

ie, nee Drake, spent her childhood days here and Louie met her while stationed in Brookings with the coast guard, during the war.

Mrs. Erma Rice returned home Sunday after a three-months trip which took her over most of the southern part of the United States. After spending the holidays in Los Angeles with relatives, she and a sister, Mrs. Nell Smith, made the trip down through the Panama Canal to Florida on a freighter arriving February 14th. They visited another sister in Florida for a month, then acquired a car to make the trip home in. They drove over three thousand miles on the way home, taking in the Grand Canyon, Carlsbad Caverns, Juarez and other places of interest. Her sister remained in Los Angeles and Mrs. Rice spent a week at Bakersfield at the home of her daughter, Mrs. R. E. Swingle, before driving on home. Mrs. Rice reports she enjoyed the trip immensely, but like most

travellers, it seems mighty nice to be home again.

**RUMMAGE SALE RESULTS** — The Ladies Auxiliary, VFW, is very grateful for the patronage at their recent rummage sale. The ladies plan to devote much of their proceeds to add to the facilities at their building.

**— N-O-T-I-C-E —**

The Curry County Court has received answers on the call for bids on the court house construction. These bids being in excess of the monies available.

Negotiations with the low bidder was instituted, as a result of these negotiations the following facts resulted.

1. The \$300,000 estimated as a court house construction and finishing fund is inadequate.

2. An additional sum of approximately \$45,000 will be needed to complete a workable court house that will fill the present need and allow for future developments.

3. These monies will be available July 1, 1956 from regular sources of county income without a tax levy for that purpose.

The County Court would appreciate expressions of opinion by Curry County voters as to the tentative reservation of this \$45,000. In order that no further increase in building costs be encountered the County Court must enter into contract prior to April 13, 1956, and therefore solicits the opinion of the voters of Curry County prior to that date.

The aforementioned increases are due to already listed increases in prices in building materials with an effective date of increase as of July 1, 1956.

These opinions, pro and con, are sought by mail or in person.

— Curry County Court

heard from Mr. and Mrs. "Bill" Bullard tells us they are now in Tucson, Arizona, a former Gold Beach druggist, believes the Arrell's, at vacation times and is well known hereabouts.
