A new one man chain saw that will bring down trees 10 feet in diameter, has just been announced by Coast Power Saw and Equipment Company, Home-lite dealer of Brookings.

Designed for the professional woodcutter, the new Model 7-29 delivers 7 full horsepower, yet weighs only 29 pounds. According to Lu Loring of Coast Power Saw and Equipment Co., "the new Homelite 7-29 is the most powerful one man chain saw you can own—does top production cutting with minimum down time."

Perfectly balanced, the 7-29 is light enough to carry over the roughest terrain, powerful enough to bring down big timber and small trees in less time and with less effort than ever before. With its all-position, all-angle carburetor, the 7-29 cuts, up, down, left, right, upside down, quickly and easily with no

WALKING BLOOD BANK AGAIN SERVES NEEDY

Brookings' famed Walking Blood Bank brought relief to another sufferer, on Wednesday morning, Mrs. Gertrude (Jess) Christie, of Brookings, required whole blood. From a roster prepared some years ago it was found that Mrs. George Widney of Brookings and Gib Illingsworth of Crescent City had the type corresponding to that of Mrs. Christie. They were contacted, and another patient was set that much further toward recovery.

Due to increased demands due to increased population, steps are being taken to re-new the typing and bringing the list of volunteer donors up-to-date. The project was originated by the Ladies Auxiliary, of the local VFW Post, and assisted by the Rotary Club. It has been the means of saving life, relieving the afflicted, and at no cost to those helped.

"HARD TIMES" PARTY

A Hard Times Party is being scheduled for VFW Post and Auxiliary members for June 23rd in the VFW Hall. All the proceeds will go into the street-sewer assessment against the property. Officers of both groups will be prepared to accept dues from delinquents or provide application cards for eligibles. A current membership card, in any VFW Post or Auxiliary, or completed application, will be required for admission, however wives or husbands or current members will be welcomed. A penalty may be attached if the attendants are not appropriately arrayed for "Hard Times". Prizes will be awarded, through popular vote, for the winning couple, winning lady and also the winning gent.

The program is planned to begin with Travelog Movies, at 8, to run for an hour or so, to be followed by dancing and games with a snack bar and other refreshments available.

The committee has announced the show will break up promptly at 1:00 a.m.

WEED SPRAYER BUSY

Mr. Anderson, county briar, gorse, poison oak, etc, exterminator, will be in the area for another week or so, and anyone who would like to contact him may still do so at the PILOT Office — Phone 3725.

A lady plane passenger asked the Pilot not to exceed the speed of sound as she and her friend wanted to chat along the way.

THANKS . . .

On behalf of Roy Marquis, I wish to thank everyone who gave so generously to make his departure to the Odd Fellows Home a pleasant event.

Sincerely,
(Mrs.) Agda Bickner

From where I sit... by Joe Marsh

Just the Facts, Ma'am!

Having a red-hot crime wave in town. Specs McGuire and Buck Hanson were caught taking money out of parking meters—again. I was at Police Headquarters when a nice old lady rushed in to report them.

"It was dark but I saw their faces in the flashlight beam," she said breathlessly. "You can't trust anybody these days!"

She got flustered when Chief Benson explained that Specs and Buck are authorized collectors—working nights after their regular jobs. "I have to get 'em uni-

forms," said Benson. "Third time they've been turned in!"

From where I sit, we ought to guard against accusing anyone of being "wrong" just because that's the way it looks to us. For instance, I've heard people talk against a neighbor because they didn't approve of his choice of beverage! (They liked tea, or something, while he preferred a glass of beer.) Be sure you have a case before you lay down the law.
