This past week seems to have been the time for many people to return from their vacation trips as the men had to be back to work Monday following a two week closing of the Brookings Plywood and South Coast Mills. Many of the workers took advantage of the opportunity to see other places and other people, some travelling long distances, or even getting married.

The longest vacationers were Mr. and Mrs. Frank Kelley who returned Thursday from a thirty three day and over 8,000 mile trip. They took their niece, Jeri Cagley of Coos Bay to Den-father this summer, then went on to Yellowstone, the Grand Canyon, Carlsbad Caverns (only 10% the day they were there) then east to New Orleans. They then headed north to cooler weather and visited Mr. Kelly's mother and other relatives in Grand Rapids, Michigan before coming home. Now Kelley says that its hard to get back into the old rut of work again.

Mr. and Mrs. C. L. Fallbert

C. while Mr. Fallert drove back by way of Long Beach, California. Mrs. Fallert and boys visited for eight days sightseeing around the National Capital they could. They then went with Spees and family to Ravenswood, West Virginia where they will live while Mr. Spees is employed in the new thirty acre Kaiser Aluminum plant. The Fallerts then visited an aunt in Zelinople, Pennsylvania before flying home from Pittsburgh last Wednesday.

Mr. and Mrs. Wiley Jordan Sr. and Mrs. Jordan's mother, Mrs. Ethel Eckert returned home from San Francisco last week where they had been visiting Mrs. Jor-hospital medic in the Navy. Nor man left on the 19th for Portsmouth, Virginia where he will attend a medical school for further training in his specialty.

the Del Mar Cafe and will attend the annual Princess Dance at the Sixes Grange that evening.

At the Azelea Park picnic, which will be Holmes' first major meeting in Curry county, Bloomer emphasized that Republicans and Democrats alike from all over the county are invited to attend.

"Holmes is an outstanding candidate and an excellent speaker," said Bloomer. "And we hope the people of Curry county will take advantage of the opportunity to hear him on Saturday."

The picnic is called for 12:30 p.m. and Holmes will speak at 2 p.m. Other local candidates have been invited and will be introduced.

A number of free door prizes are offered and there will be games for children. Coffee and paper plates and service will be available for a nominal charge.

Mrs. Edna Weigel, Brookings chairman of the Holmes-for-Governor committee, is in charge of the program.

In choosing Brookings for his first major appearance in southwestern Oregon, Holmes stated he was well aware of the importance of this fast-growing coastal area to the economy of the state as whole. He said he was well aware of the importance of completing Gold Beach-Brookings link of the coast highway and would give this matter immediate attention if elected.

He was in a critical condition from a gangrenous gall bladder filled with stones and it was nip and tuck for a while after the operation. His address is 721 Park Street, Ashland for anyone wanting to write him.
